**Forgotten Disney** Kathy Merlock Jackson, Carl H. Sederholm, Mark I. West, 2023-06-28 This work demonstrates that not everything that Disney touched turned to gold In its first 100 years the company had major successes that transformed filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses Some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the Disney Company was struggling to establish or re establish its brand In addition many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems By exploring the studio s missteps this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits With essays by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation What one dismisses someone else recalls with deep fondness as a magical Disney memory *Understanding Disney* Janet Wasko, 2013-06-07 Since the 1930s the Walt Disney Company has produced characters images and stories which have captivated audiences around the world How can we understand the appeal of Disney products What is it about the Disney phenomenon that attracts so many children as well as adults In this major new book Janet Wasko examines the processes by which the Disney company one of the largest media and entertainment corporations in the world manufactures the fantasies which enthrall millions She analyses the historical expansion of the Disney empire examines the content of Disney s classic films cartoons and TV programs and shows how they are produced considering how some of the same techniques have been applied to the Disney theme parks She also discusses the reception of Disney products by different kinds of audiences By looking at the Disney phenomenon from a variety of perspectives she provides a fresh and comprehensive account of one of the most significant media and cultural institutions of our time This important book by a leading scholar of the entertainment industries will be of great interest to students in media and cultural studies and will appeal to a wide readership **Microsoft Internet Explorer** Fisher, Jennifer A.
