With a diverse team of contributors representing a variety of unique perspectives, this text aligns with the Commission on Sport Management Accreditation (COSMA) Common Professional Component content area of diversity issues in sport management. Organized into three parts, *Diversity, Equity, and Inclusion in Sport* aims to clearly illustrate how to make a true impact in sport settings. Part I delivers foundational knowledge of what diversity, equity, and inclusion mean within sport organizations, including how power and privilege play out in sport organizations to include some and exclude others. Students will develop the skills associated with appreciating and having conversations about differences and learn how understandings about difference affect policy development and decision making. Part II further develops understanding of diversity, equity, and inclusion through comprehensive coverage of critical areas of diversity that have an impact on the sport industry, including social class and economic status, gender and gender identity, race and ethnicity, disability, political influence and affiliation, religion, and age. Part III is designed to empower sport professionals to become leaders, providing actionable advice on promoting and successfully implementing best practices. Students will learn about connecting difficult conversations to leadership, planning strategically, assessing organizational climate, and using sport as a platform for social change. Each chapter opens with a real-life scenario introducing the chapter's topic and closes with exercises to prompt critical thinking about the issues raised. Sport Industry Leader Profiles provide interviews with leading professionals for practical, informed opinions on the issues presented. Sport Industry Diversity Initiative sidebars feature organizational approaches to DEI issues. *Diversity, Equity, and Inclusion in Sport* addresses the key areas and challenges surrounding DEI in the sport industry and examines the role of sport in effecting social change.
