Scott La Counte,2019-08-29 Remember when you used to pay for things When computer software was almost as much as
your new computer Times have certainly changed Today many companies are giving you all that stuff you used to pay
hundreds of dollars for for free What s the catch There has to be a catch Sometimes there definitely is a catch it s free but
you have to watch a 30 second commercial every five minutes Or it s free but you have to pay a subscription once you start to
really like it In the case of Google Apps it truly is free No annoying ads No money grabs Nothing For the price of nothing you
are getting online software that is on par with the Office suite you grew to love and pay hundreds of dollars for That means
you get writing software spreadsheet software presentation software and more and you don t pay a dime Now you see why so
many people are making the switch to Google Apps Who wouldn t want to pay nothing for good software If you are interested
in learning more about it or you are ready to make the leap and become a free user then this guide will show you the ropes
and get you started as quickly as possible Let s get started This book is not endorsed by Alphabet Inc *Google Drive*
