Congress, 1980 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789-1824, the Register of Debates in Congress 1824-1837, and the Congressional Globe 1833-1873. **The Encyclopedia of Public Choice** Charles Rowley, Friedrich Schneider, 2008-01-25 The Encyclopedia provides a detailed and comprehensive account of the subject known as public choice. However, the title would not convey sufficiently the breadth of the Encyclopedia's contents, which can be summarized better as the fruitful interchange of economics, political science, and moral philosophy on the basis of an image of man as a purposive and responsible actor who pursues his own objectives as efficiently as possible. This fruitful interchange between the fields outlined above existed during the late eighteenth century during the brief period of the Scottish Enlightenment, when such great scholars as David Hume, Adam Ferguson, and Adam Smith contributed to all these fields and more. However, as intellectual specialization gradually replaced broad-based scholarship from the nineteenth century onwards, it became increasingly rare to find a scholar making major contributions to more than one. Once Alfred Marshall defined economics in neoclassical terms as a narrow positive discipline, the link between economics, political science, and moral philosophy was all but severed, and economists redefined their role into that of the humble dentist providing technical economic information as inputs to improve the performance of impartial, benevolent, and omniscient governments in their attempts to promote the public interest. This indeed was the dominant view within an economics profession that had become besotted by the economics of John Maynard Keynes and Paul Samuelson immediately following the end of the Second World War. *Highway Topics*, 1930 *Accountants' Handbook, Special Industries and Special Topics* D.
