Encyclopedia of Rural America: A-M Gary Goreham,2008 History sociology anthropology and public policy combine to deliver the encyclopedia that has become the standard reference work in American rural studies From irrigation and marriage to games and mental health this encyclopedia is the most comprehensive resource exploring both the history of rural America its current issues and perspectives and visions for its future

No Little Places Ron Klassen,John Koessler,1996 Warren W Wiersbe says of No Little Places You ll learn a lot about small town America and the changes occurring in American society today Written by two seasoned veterans of ministry in small town America No Little Places is a heart to heart account of cross cultural evangelism right here in the United States It s a primer on how to discover a church s potential and build on it It s a transparent how to do it book that pulls no punches It reads like another chapter in the Book of Acts or extra verses in Hebrews 11

The Regions Beyond John Gooding,2016-12-15 This is a story of transformation It is a story of evangelism discipleship and church planting It is a story of reaching the nations of the world with the gospel It is an exciting story In 1970 the Prescott Foursquare Church in Arizona was struggling It had been morally violated and broken It was a small abused congregation At that time Prescott was a rural town of about 17 000 persons in northwestern Arizona Wayman Mitchell took the pastorate of the Prescott Foursquare Church in January The addition of his family increased the size of the congregation to about two dozen persons From this small congregation in a small rural community God has raised a movement that has impacted the world The Christian Fellowship Ministries CFM as it is now called has birthed over twenty two hundred churches located in one hundred and sixteen nations of the world This story is meaningful to layman and minister alike It is meaningful for the broader Christian

community This story tells how God can use common men and women and the common things of humanity to minister in the regions beyond America in the 1970s was experiencing the Jesus People Movement JPM That movement changed America and impacted much of the western world Principles from that movement became part of the CFM The language of transformation was common to the Jesus people When witnessing they commonly cited Romans 12 1 2 The Prescott ministry picked up the importance of transformation for individuals and the church The Great Commission also stirred Jesus people There was urgency about wining the world to Jesus The biblical and theological foundation for evangelism discipleship and church planting of the Christian Fellowship Ministry starts with this commission found in Matthew 28 16 20 The ministry of the CFM was not the plan of a man or group of people It was by trial and error a decision here and a decision there and out of some things that seemed to work that the ministry of the CFM evolved It was not the discovery of a new doctrine or the rediscovery of an old one It was not the implementation of a program that transformed the CFM It was the discovery of what God was doing and implementing that in the Prescott church The deeper discovery was that God was restoring the dignity of the local church The indigenous church principle and the making of disciples propelled the mission forward This book is intended to provide an example of what God can do with people who simply try and follow God Based on biblical and Christian principles it is intended to inspire persons to the work of God And it is intended to inspire ministers to the possibilities of God when faced with the impossibilities of the world This story uncovers the core elements that led a broken church out of brokenness to spiritual health and world impact This is not a history formula for revival or step by step guide for church growth It is an example of what God can do with a common people who seek to faithfully obey God **The New Parish** Paul Sparks,Tim Soerens,Dwight J Friesen,2014-04-04 Headlines rage with big stories about big churches But tucked away in neighborhoods throughout North America there is a profound work of hope quietly unfolding Paul Sparks Tim Soerens and Dwight J Friesen have seen in cities suburbs and small towns all over North America how powerful the gospel can be when it takes root in the context of a place The future of the church is local contextual the seeds of that future are shared and spread here **Megachurches & America's Cities** John N. Vaughan,1993 Church growth specialist Vaughan observes that growth numerical and nurture is the natural result of compassion and that churches grow when people find concerned love in them Vaughan maintains The issue is not small churches versus large churches The major issue remains biblical obedience faith and reproductive multiplication as believers **Small Groups for Big Cities** Kenneth B. Flurry,1998
