**Strategisches Controlling 4.0** Stephan Abée, Silvio Andrae, Ralf B. Schlemminger, 2020-06-12 Die Digitalisierung verändert nachhaltig Wertschöpfungsketten in Unternehmen oder sogar ganze Geschäftsmodelle. Diese Entwicklungen bleiben nicht ohne Auswirkungen auf die Unternehmenssteuerung und damit auch auf das Controlling. Das Buch stellt eine Systematik vor, wie die Digitalisierung das strategische Controlling in Unternehmen verändert und welche Entwicklungspfade hin zu einem Strategischen Controlling 4.0 führen.

Physics Education Hans Ernst Fischer, Raimund Girwidz, 2022-01-12 This book offers a comprehensive overview of the theoretical background and practice of physics teaching and learning and assists in the integration of highly interesting topics into physics lessons. Researchers in the field, including experienced educators, discuss basic theories, the methods, and some contents of physics teaching and learning, highlighting new and traditional perspectives on physics instruction. A major aim is to explain how physics can be taught and learned effectively and in a manner enjoyable for both the teacher and the student. Close attention is paid to aspects such as teacher competences and requirements, lesson structure, and the use of experiments in physics lessons. The roles of mathematical and physical modeling, multiple representations, instructional explanations, and digital media in physics teaching are all examined. Quantitative and qualitative research on science education in schools is discussed, as is the quality assessment of physics instruction. The book is of great value to researchers involved in the teaching and learning of physics, to those training physics teachers, and to pre-service and practising physics teachers.

*Planning and Reporting in BI-supported Controlling* Dietmar Schön, 2023-07-24 Planning and reporting solutions in many companies still suffer from poor data quality, are insufficiently integrated, and are often time- and cost-intensive. This practice-oriented book shows step by step how things can be done differently. It systematically shows how modern planning and reporting systems in BI-supported controlling can be set up with the use of data warehouse and big data technology and usefully supplemented with AI-supported features. For the 4th edition, the book has been comprehensively updated. The extensive controlling cockpit example has been expanded. It now contains suggestions for the areas of corporate management, operational and strategic controlling, sales, production, purchasing, and project management. In addition, the latest developments in BI-supported controlling with the support of traditional and explorative BI are highlighted, including data mining, predictive analytics, artificial intelligence, RPA, chatbots, data discovery, data visualization, app technology, self-service BI, and cloud computing. Further innovations concern the topics of data quality and data modeling. The final chapter is Mobile BI, which deals with the expansion of powerful mobile analysis and planning solutions with the help of tablets, mobile phones, and other mobile devices.

*Stories about good education* Jorien Copier, 2023 Educational professionals as well as academic scholars agree that a clear educational vision is of utmost importance for successful school leaders and schools. What this vision contains and how it is communicated and used is less clear. This study proposes a conceptual framework for educational visions as stories about good education. The qualitative

empirical part investigates to what extent school leaders and school teams of primary schools in the Netherlands are able to formulate these stories about good education and how they are used in school improvement projects The results show that while school leaders and teams vary greatly in the extent to which they articulate stories about good education only few formulate stories that include both educational aims and design principles which are shared in the school community directive for the school practice and in rich interaction with cultural sources      **Wirtschaftlichkeit schwimmender**
