Microsoft Office Excel 2007 Introduction O'Leary:

Microsoft Office 2007 Timothy O'Leary, Linda O'Leary, 2007-08-31 Timothy and Linda O'Leary and the Computer Information Technology Team at McGraw Hill Higher Education offer your students a fully integrated learning program with time tested quality and reliability. Its theme of Making Office Relevant helps students understand why they need this course and these skills. Student success is assured through clear step by step instruction, plentiful screen captures and conceptual explanations. Each Lab designed to be covered in 1 hour of class time combines conceptual coverage with detailed software specific instructions. Each Lab opens with a running case study that highlights real world applications of each software program and leads students from problem to solution. The O'Leary Series helps students learn specific applications skills along with those that cross all Office applications which is especially important in mastering this version of Office. The O'Leary Series also correlates with SimNet Online, our online training and assessment program for Office 2007. **O'Leary**

Series: Microsoft Office Excel 2003 Introductory Timothy O'Leary, Linda O'Leary, 2003-12-31 The goal of the O'Leary Series is to give students a basic understanding of computing concepts and to build the skills necessary to ensure that information technology is an advantage in whatever career they choose in life. The O'Leary Microsoft Office 2003 texts are crafted to be the true step by step way for students to develop Microsoft Office application skills. The text design emphasizes step by step instructions with full screen captures that illustrate the results of each step performed. Each Tutorial chapter combines conceptual coverage with detailed software specific instructions. A running case that is featured in each tutorial highlights the real world applications of each software program and leads students step by step from problem to solution.
