Meszaros, 2025-10-14 Economies of Gender Masculinity Mail Order Brides and Women's Labor offers a provocative exploration of the international dating industry challenging simplistic narratives of human trafficking and scams while shedding light on the economic dynamics of gender. Through twelve years of fieldwork the book delves into the motivations and experiences of men who seek relationships abroad driven by dissatisfaction with Western women who they believe no longer embody traditional femininity. By examining romantic tourism hotspots such as Ukraine, Colombia, and the Philippines, *Economies of Gender* reveals how these international settings serve as intimate frontiers where men seek to extract femininity capital and bolster their status. It illuminates the often unseen economic underpinnings of relationships and questions how global gender dynamics shape desires, fantasies, and intimate markets. Through its compelling analysis, the book broadens the conversation on gender power and the commodification of intimacy in a globalized world.
