The Efficient Practice David L. Lawrence, 2014-02-17 An essential guide to tools and techniques for achieving efficiency productivity and profitability in financial advisory firms As a profession financial advisors have been very well educated on how to be a financial advisor but the industry does a poor job of preparing financial advisors to be great business owners This book presents the Profit Driven Architecture a visual way of viewing the operational structure of a financial practice Provides a concrete way of understanding and improving the interrelationship of different parts of the operations of a financial practice firm Explains how to increase the efficiency productivity and profitability of the firm recognizing the interrelationships with one another Reveals how to increase the capacity and value of the practice Given an aging population of financial advisors and increased focus on succession planning increasing the value of a financial practice is a key deliverable of efficiency and this book showcases the best ways to do so

Excel 2007: The Missing Manual Matthew MacDonald, 2006-12-27 Microsoft Excel continues to grow in power sophistication and capability but one thing that has changed very little since the early 90s is its user interface The once simple toolbar has been packed with so many features over the years that few users know where to find them all Microsoft has addressed this problem in Excel 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use Unfortunately Microsoft's documentation is as scant as ever so even if users can find advanced features they probably won't know what to do with them Excel 2007 The Missing Manual covers the entire gamut of how to build spreadsheets add and format information print reports create charts and graphics and use basic formulas and functions Like its siblings in the Missing Manual series this book crackles with a fine sense of humor and refreshing objectivity about its subject guiding readers through the new Excel with clear explanations step by step instructions lots of illustrations and friendly time saving advice It's a perfect primer for small businesses with no techie to turn to as well as those who want to organize household and office information
