**Technical Writing 101** Alan S. Pringle, Sarah O'Keefe, 2003    *Writing and Developing Your College Textbook* Mary Ellen Lepionka, 2008 This is the comprehensively revised second edition of a popular professional book on textbook writing and finding one's way in the higher education publishing world for academic authors and editors, college instructors and instructional designers. The second edition has two new chapters on the latest industry trends such as the pricing revolt, open access movement and wiki textbook phenomenon and on the use of learning objectives to structure textbook package development. Every chapter features new sections, links, forms, models or examples from an even greater range of college courses. Contains updated and expanded appendices, glossary entries, references, bibliography entries and index. BISAC: Language Arts Disciplines Authorship and Publishing

**The Copyeditor's Handbook** Amy Einsohn, Marilyn Schwartz, 2019-05-14 Unstuffy, hip and often funny, *The Copyeditor's Handbook* has become an indispensable resource both for new editors and for experienced hands who want to refresh their skills and broaden their understanding of the craft of copyediting. This fourth edition incorporates the latest advice from language authorities, usage guides and new editions of major style manuals including *The Chicago Manual of Style*. It registers the tectonic shifts in twenty-first-century copyediting, preparing text for digital formats using new technologies, addressing global audiences, complying with plain language mandates, ensuring accessibility and serving self-publishing authors and authors writing in English as a second language. The new edition also adds an extensive annotated list of editorial tools and references and includes a bit of light entertainment for language lovers such as a brief history of punctuation marks that didn't make the grade, the strange case of razblusto and a few Easter eggs awaiting discovery by keen-eyed readers. The fourth edition features updates on the transformation of editorial roles in today's publishing environment, new applications, processes and protocols for on-screen editing, major changes in editorial resources such as online dictionaries and language corpora, new grammar and usage authorities, online editorial communities and web-based research tools. When you're ready to test your mettle, pick up *The Copyeditor's Workbook: Exercises and Tips for Honing Your Editorial Judgment*, the essential new companion to the handbook.

**Web Standards** Leslie Sikos, 2012-01-14 *Web Standards: Mastering HTML5, CSS3, and XML* provides solutions to the most common website problems and gives you a deep understanding of web standards and how they can be applied to improve your website.
