Landslide Michael Wolff, 2021-07-13 First there was *Fire and Fury* then there was *Siege* now there is *Landslide* The third is the best of the three Guardian Cruel unforgiving muckracking scandalous Michael Wolff concludes his Trump trilogy with the best book Telegraph Wolff is the shrewdest chronicler of Trump Sunday Times Politics has given us some shocking and confounding moments but none have come close to the careening final days of Donald Trump's presidency the surreal stage management of his re-election campaign his audacious election challenge the harrowing mayhem of the storming of the Capitol and the buffoonery of the second impeachment trial But what was really going on in the inner sanctum of the White House during these calamitous events What did the president and his dwindling cadre of loyalists actually believe And what were they planning Drawing on an exclusive and wide range of sources who took part in or witnessed Trump's closing moments Michael Wolff finds the Oval Office more chaotic and bizarre than ever before a kind of Star Wars bar scene At all times of the day Trump hunched behind the Resolute desk is surrounded by schemers and unqualified sycophants who spoon feed him the alternative facts he hungers to hear about COVID 19 Black Lives Matter protests and most of all his chance of winning re-election In this extraordinary telling of a unique moment in history Wolff gives us front row seats as Trump's circle of plotters is whittled down to the most enabling and the least qualified and the president pushes the bounds of political convention entertaining the idea of martial law and balking at calling off the insurrectionist mob that threatens the hallowed seat of democracy itself Michael Wolff pulled back the curtain on the Trump presidency with his globally bestselling blockbuster *Fire and Fury* Now
