A must have book for baseball fans obsessed with stats, quick facts and the age old debates over who the best players are and why. *Baseball's Best 1000* showcases the lives, legends and lore of the game's top players ranked in order. Sportswriter Derek Gentile has pared down the total list of players, tens of thousands of them, to an elite ranking of the thousand greatest based on criteria including lifetime stats, player durability and consistency, All Star participation, MVP, Gold Glove and Cy Young awards, individual statistical championships, personal and professional contributions to the game, sportsmanship and election to the Hall of Fame. Each entry includes positions played, teams played for, years played, lifetime stats and a biography of the player featuring his great moments and little known facts. New players include Curt Schilling, Mike Mussina and Manny Ramirez. Barry Bonds has moved up from Number 19 to Number 6. Roger Clemens has moved from Number 33 into the top 20. Dozens of Negro League players are here as well as rankings of the best Japanese players, women players and prehistoric players from the time before stats were formally recorded.
