Memes Today Latest:

The Meme Machine Susan J. Blackmore, 2000-03-16 Humans are extraordinary creatures with the unique ability among animals to imitate and so copy from one another ideas habits skills behaviours inventions songs and stories These are all memes a term first coined by Richard Dawkins in 1976 in his book *The Selfish Gene* Memes like genes are replicators and this enthralling book is an investigation of whether this link between genes and memes can lead to important discoveries about the nature of the inner self Confronting the deepest questions about our inner selves with all our emotions memories beliefs and decisions Susan Blackmore makes a compelling case for the theory that the inner self is merely an illusion created by the memes for the sake of replication

Humor 2.0 Salvatore Attardo, 2023-08-15 The book shows how humor has changed since the advent of the internet new genres new contexts and new audiences The book provides a guide to such phenomena as memes video parodies photobombing and cringe humor Included are also in depth discussions of the humor in phenomena such as Dogecoin the joke currency and the use of humor by the alt right It also shows how the cognitive mechanisms of humor remain unchanged Written by a well known specialist in humor studies the book is engaging and readable but also based on extensive scholarship

Adolescent Use of New Media and Internet Technologies Gordon P. D. Ingram, 2023-03-31 This book engages with contemporary and often polarizing debates surrounding the risks of adolescent use of digital media and internet technologies By drawing on multiple research studies the text synthesizes current understandings of the impacts of social network use online gaming pornography and phenomena including cyberbullying cyberstalking and internet addiction to develop recommendations for the effective identification of at risk youth as well as strategies for informed communication about online risks and opportunities It shows how media discussion of risks to children and teenagers from new technology is highly emotive and often exaggerated rooted in the moral panic surrounding new cultural practices that young people engage in but which adults do not understand Online risks are thus conceptualized as centering on three areas specific to adolescence which have undergone radical changes due to new internet technology These include young people's identity the types of content that are accessed and social relationships The author shows how these matters stem from the potential of new technology to establish new interpersonal connections emphasizing how it brings opportunities as much as risks As such he provides a uniquely balanced discussion of potential dangers while also emphasizing the opportunities for social academic and personal growth which new technologies afford young people It will be indispensable for researchers and clinicians interested in assessing levels of online risk as well as scholars and educators with interests in cyberpsychology social psychology cyber culture social aspects of computing and media and adolescent development

Global Issues and Ethical Considerations in Human Enhancement Technologies Thompson, Steven John, 2014-04-30 With rapid advancements in human enhancement technologies society struggles with many issues such as definition effects participation regulation and control Current and future initiatives in

these technologies may not be in the participants best interests therefore it is imperative for research on humanitarian considerations to be available to those affiliated with this field

Global Issues and Ethical Considerations in Human Enhancement Technologies compiles prestigious research and provides a well rounded composite of the field s role in emerging technologies Addressing both present and future concerns this publication serves as a valuable reference work for researchers students professionals and practitioners involved in computer science and the humanities as well as many engaged in a humanities approach to metasystems new artificial life and robotics *Encyclopaedia Comédica* Benjamin Leuteritz,2020 What if humour is more of a natural discipline rather than a humanistic science In his book *Encyclop dia Com dica* A serious journey to funny realms the author Benjamin Leuteritz tries to get to the bottom of the smallest particles of humour and to find out what makes us laugh He takes the reader on a journey where no eye remains dry *New Scientist* ,2002 Propaganda Lukasz Olejnik,2024-10-02 The book is a modern primer on propaganda aspects like disinformation trolls bots information influence psychological operations information operations and information warfare *Propaganda From Disinformation and Influence to Operations and Information Warfare* offers a contemporary model for thinking about the subject The first two decades of the 21st century have brought qualitative and quantitative technological and societal changes and the subject of information influence needs to be re ordered Now is the time The book explains the origins of the meaning and phenomenon of propaganda where it came from and how it has changed over the centuries The book also covers modern methods including artificial intelligence AI and advertising technologies Legal political diplomatic and military considerations ensure that the material is covered in depth The book is recommended for security and cybersecurity professionals both technical and non technical government officials politicians corporate executives academics and students of technical and social sciences Adepts with an interest in the subject will read it with interest Strategic Management in the Innovation Economy Thomas H. Davenport,Marius Leibold,Sven C. Voelpel,2007-06-27 Innovative ruptures of traditional boundaries in value chains are requiring companies to rethink how they go to market what they need to own what they need to retain and innovate as core competencies and how they innovatively deal with suppliers and customers The key message of the book is that the new knowledge networked innovation economy requires a totally different strategic management mindset approach and toolbox and its major value added is a new strategic management approach and toolbox for the innovation economy a poised strategy approach Designed for both managers and advanced business students the book provides a unique combination of new management theory selected managerial articles by prominent scholars such as Clayton Christensen Henry Chesbrough Sumantra Ghoshal Quinn Mills and Peter Senge and a wide array of real world case examples including GE Shell IBM HP BRL Hardy P G Southwest Airlines and McGraw Hill within the dynamics of industries such as airlines energy telecommunications wine beverages and computing The authors illustrate powerful new strategic innovation concepts and tools such as poised strategy for managing multiple business models poised strategy scorecards

moving beyond the well known balanced scorecard the wheel of business model reinvention and organizational rejuvenation methods The book includes the concepts of Poised Strategic Management Organizational Rejuvenation Business Models as Platform for Strategy Poised Scorecards Identifying Sources of Innovation in Business Ecosystems *Mesmerization* Gee Thomson,2008 In the modern Western world hundreds if not thousands of contagious ideas spread by word of mouth or through the media spells or memes make up contemporary culture and affect just about every aspect of our daily life Some of the most powerful of these spells form the core of Mesmerization In this highly visual publication the many facets of each spell are dissected and analysed within a unique graphic formula that exposes and encapsulates its meaning and purpose The most successful of such constructs are the creation of the media the image makers advertising executives newspaper editors creatives designers photographers and film producers who make up the ranks of the creative elite Their dreams of affluence comfort and wellbeing are being emulated the world over More than we know they determine what we believe how we behave and think and control our decisions as to what gets made what gets seen what gets heard But there are cracks in this wonderland Psychological disorders drug dependency obesity gun crime and social addictions are on the rise Worldwide the gaping disparity between rich and poor nations religious unrest disease and famine resource scarcity and fears over climate change head the agenda The influence and aspirations of our lifestyles are central to these issues How can we make headway in confronting our wider realities when we have an image machine that is totally at loggerheads with the need for restraint By revealing the collective power of these insidious cultural influences *Mesmerization* is a challenge to the creative industry to those who control the motivational drivers underpinning the global psyche In their hands rests the ability to change and transform future behaviour This publication provides the catalyst Waves of Change Patrick Callioni,2010 Written in the middle of a global economic crisis this book is about a better future Patrick Callioni identifies and describes the major waves of change that are coming our way over the next decade or so and then provides practical advice on what to do or avoid doing to benefit most or suffer least from what is to come He describes some of the problems with the present regime of regulation We are regulating to catch the motes of dust floating in the air rather than the beams that end up poking out the eyes of our financial markets and suggests regulation should focus on rewarding the good rather than punishing the bad He also analyzes some of the behavior that helped to create the Credit Crunch They took healthy debt mortgage debt that was likely to be repaid mixed it up with toxic debt mortgage debt not likely to be repaid and then sold the debt on as prime safe debt creating untold damage Then he presents the waves of change that are coming the challenges of new technologies the business opportunities opened by reactions to climate change and demographic changes as workers and managers are no longer predominantly baby boomers He also warns of future signs of impending financial setbacks that should be avoided A financial crisis will occur only when the fuel is there in the form of an investment bubble In his previous book *Compliance and Regulation in the Financial Services Industry* Patrick Callioni successfully predicted most of the course of the current

economic downturn Over regulation is as dangerous as under regulation so he proposes the creation of a federated network of trust Throughout this exciting book he emphasizes the increasing importance of knowledge capital value that is not captured by existing accounting standards and in particular soft intangibles knowledge assets time assets motivational assets etc and he proposes guidance on their measurement and profitable management **Handbook of Research on Recent Developments in Internet Activism and Political Participation** Ibrahim, Yasmin,2020-06-26 International politics is witnessing a rapid transformation due to the emerging impact of the internet and digital media Activists in various countries have been given a new medium to voice their views and opinions resulting in governments adapting to the digital environment in which we currently live As the role of social media and online communities continue to grow empirical research is needed on their specific impact on governmental policies and reform Recent Developments in Internet Activism and Political Participation is an essential reference source that explores the modern role that digital media plays within community engagement and political development This book discusses real world case studies in various regions of the world on how the internet is affecting government agendas and promoting the voice of the community Featuring research on topics such as digital ecosystems information technology and foreign policy this book is ideally designed for researchers strategists government officials policymakers sociologists administrators scholars educators and students seeking coverage on the societal impact of social media in modern global politics **A Tiara Under The Tree (Once Upon a Tiara, Book 4)** Carolyn Hector,2017-11-01 The ultimate prize this Christmas **The Oxford Companion to the Mind** Richard Langton Gregory,2004 The volume serves as a guide to all the mysteries and idiosyncracies of the human mind Topics such as language memory intelligence the halo effect caffeine attachment theory and much more are covered On Westernism David Hurst,2003 Popular Science ,1975-07 **The New York Times Film Reviews** ,1984 **City Arts Monthly** ,1981-07 **Evolution and the Big Questions** David N. Stamos,2008-02-11 In this book David Stamos wants to question whether and to what extent evolutionary biology shines light on the big questions debated in the humanities and social sciences The main theme in the book is the debate between evolutionary explanations and what has come to be known as the Standard Social Science Model This model is a way of looking at human nature that is commonly found in sociology behaviorism in psychology cultural anthropology Marxism women s studies and gay studies Stamos examines topics of race sex gender the nature of language religion ethics knowledge consciousness and ultimately the meaning of life from different perspectives *Motion Picture Herald* ,1937 **Perspecta** ,2005
