War of 1812 concerns about the scale of the nation resulted in a fundamental reorientation of American identity away from

the Atlantic or global ties that held sway in the early republic and toward more localized forms of identification Instead of

addressing the sweep of the nation American authors artists geographers and politicians shifted from the larger reach of the

globe to the more manageable scope of the local and sectional Paradoxically that local representation became the primary

mode through which early Americans construed their emerging national identity This newfound cultural obsession with

locality impacted the literary consolidation and representation of key American imagined places New England the plantation
