**The Mentoring Continuum** Glenn Wright, 2015-12-15 Recent developments in academic mentoring have challenged long standing conceptions of the mentor mentee relationship as a top down wisdom bestowing proposition There is growing awareness that for the majority of their working lives academics are both mentors and mentees and have shifting needs and obligations as their careers progress That is they occupy a mentoring continuum whose navigation requires effort reflection and good faith This book offers theoretical and practical tools to help them on their way and indicates how institutional resources can be mobilized in support *The Reimagined PhD* Leanne M Horinko, Jordan M Reed, James M Van
