

► MULTIBEAM LED

Improvement of the "Adaptive Highbeam Assist Plus" system

► With MULTIBEAM LED

- The Adaptive Highbeam Assist Plus system of the MULTIBEAM LED headlamps combines the 24 individually controlled high-performance LEDs of a grid precision module with the tried and proven technology of the LED Intelligent Light System.

This means the system is more precise than other light sources and can set a high-beam gap of minimal width. As a result, other road users are not dazzled while the road and its edges are nevertheless optimally illuminated.

Mercedes Adaptive Highbeam Service Manual
