American Iron and Steel Association,1892 Flag Burning and Free Speech Robert Justin Goldstein,2000 When Gregory Lee Johnson burned an American flag as part of a political protest he was convicted for flag desecration under Texas law But the Supreme Court by a contentious 5 to margin overturned that conviction claiming that Johnson s action constituted symbolic and thus protected speech Heated debate continues to swirl around that controversial decision both hailed as a victory for free speech advocates and reviled as an abomination that erodes the patriotic foundations of American democracy Such passionate yet contradictory views are at the heart of this landmark case Book jacket

Rohr,1986 In this synthesis of political philosophy public administration and American history Rohr seeks to legitimize the administrative state in terms of constitutional principle He tries to show that the fourth or administrative branch of government is compatible with the plans of the framers both Federalist and anti Federalist of the U S Constitution and of the Bill of Rights He argues that the combination of powers in administrative agencies does not violate the standard of separation of powers set forth in The Federalist especially by James Madison the higher reaches of the career civil service fulfill the framers constitutional design by performing a balancing function originally assigned to the Senate and the career civil service en masse heals the defect of inadequate representation in the Federal Constitution ISBN 0 7006 0291 7 29 95
