Barton returns to the strip clubs she originally studied to observe the major changes in the industry that have occurred over the last decade She examines how raunch culture affects exotic dancers treatment by their clientele who are now accustomed to seeing nudity and sexualized performance in accessible R and X rated media from a variety of outlets particularly the Internet Barton explores how new media has transformed exotic dancing allowing dancers to build an online brand but also introducing possibilities for customers to take unauthorized nude photos and videos of the entertainers And finally Barton speaks to new dancers as well as dancers she interviewed in the previous edition examining how the toll of stripping still impacts the lives of exotic dancers in a changing industry Incorporating new scholarship new observations and increased awareness of emerging media technology Barton brings a fresh and important perspective on the challenges that women face working in the still thriving world of exotic dancing
