In practice there really is no recipe for creating a quality performance. Instead musicians and engineers who effectively use sound systems have a wealth of knowledge that informs their every move before and during a live performance. You can slowly gather that knowledge over years of live performance or you can speed up the process with *The SOS Guide to Live Sound*. With these pages you get practical advice that will allow you to accomplish your live sound goals in every performance. Learn how to choose, set up and use a live performance sound system.
