

# **A Short Prayer for Memorial Day**

Dear Lord, we remember the fallen soldiers that have paid the ultimate price for our freedom. On this remembrance day, we come to you and ask for healing for families of lost loved ones, protection over other military members, and to help the rest of us make sure that Memorial Day is more than once a year, but a continual act of gratitude. In Jesus' name, Amen.

accommodated themselves to forced assimilation Many converted to varying degrees but others plotted escapes committed arson and devised ingenious strategies of passive resistance Adams also argues that many of those who seemingly cooperated with the system were more than passive players in this drama that the response of accommodation was not synonymous with cultural surrender This is especially apparent in his analysis of students who returned to the reservation He reveals the various ways in which graduates struggled to make sense of their lives and selectively drew upon their school experience in negotiating personal and tribal survival in a world increasingly dominated by white men The discussion comes full circle when Adams reviews the government's gradual retreat from the assimilationist vision Partly because of persistent student resistance but also partly because of a complex and sometimes contradictory set of progressive humanitarian and racist motivations policymakers did eventually come to view boarding schools less enthusiastically Based upon extensive use of government archives Indian and teacher autobiographies and school newspapers Adams's moving account is essential reading for scholars and general readers alike interested in Western history Native American studies American race relations education history and multiculturalism     **The Expositor and the Homiletic Review**, 1956     *The Sunday School Journal*, 1878     **Second Supplementary Catalogue of Hebrew Printed Books in the British Library, 1893-1960** British Library.
