Electronic and Mobile Commerce Law Charles Wild, 2011 The rapid commercially driven evolution of the Internet has raised concomitant legal concerns that have required responses from both national and international law. This unique text offers a complete analysis of electronic and mobile commerce exploring the law relating to online contracts and payment systems, electronic marketing and various forms of cybercrime as well as the regulation of electronic communications networks and services. Written by specialists this account also provides insights into emerging areas such as internet libel, online gambling, virtual property, cloud computing, smart cards, electronic cash and the growing use of mobile phones to perform tasks previously carried out by computers.

The Human Side of Cyber Conflict Panayotis A. Yannakogeorgos, John P. Geis (II), 2016 In response to a tasking from the Air Force chief of staff the Air Force Research Institute conducted a review of how the service organizes, educates, trains and equips its cyber workforce. The resulting findings were used to develop recommendations for how the Air Force should recruit, educate, train and develop cyber operators from the time they are potential accessions until they become senior leaders in the enlisted and officer corps. This study's discoveries, analyses and recommendations are aimed at guiding staff officers and senior leaders alike as they consider how to develop a future cyber workforce that supports both Air Force and US Cyber Command missions across the range of military operations.

Cyberspace in Peace and War, Second Edition Martin Libicki, 2021-09-15 This updated and expanded edition of *Cyberspace in Peace and War* by Martin C. Libicki presents a comprehensive understanding of cybersecurity, cyberwar and cyber terrorism. From basic concepts to advanced principles, Libicki examines the sources and consequences of system compromises, addresses strategic aspects of cyberwar and defines cybersecurity in the context of military operations while highlighting unique aspects of the digital battleground and strategic uses of cyberwar. This new edition provides updated analysis on cyberespionage, including the enigmatic behavior of Russian actors, making this volume a timely and necessary addition to the cyber practitioner's library. *Cyberspace in Peace and War* guides readers through the complexities of cybersecurity and cyberwar and challenges them to understand the topics in new ways. Libicki provides the technical and geopolitical foundations of cyberwar necessary to understand the policies, operations and strategies required for safeguarding an increasingly online infrastructure.

Routledge Handbook of International Cybersecurity Eneken Tikk, Mika Kerttunen, 2020-01-28 The Routledge Handbook of International Cybersecurity examines the development and use of information and communication technologies (ICTs) from the perspective of international peace and security. Acknowledging that the very notion of peace and security has become more complex, the volume seeks to determine which questions of cybersecurity are indeed of relevance for international peace and security and which, while requiring international attention, are simply issues of contemporary governance or development. The

Handbook offers a variety of thematic regional and disciplinary perspectives on the question of international cybersecurity and the chapters contextualize cybersecurity in the broader contestation over the world order international law conflict human rights governance and development The volume is split into four thematic sections Concepts and frameworks Challenges to secure and peaceful cyberspace National and regional perspectives on cybersecurity Global approaches to cybersecurity This book will be of much interest to students of cybersecurity computer science sociology international law defence studies and International Relations in general Chapter 30 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license **Computerworld**, 2009 The Times Index, 2013-02 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Time educational supplement Scotland and the Times higher education supplement *Newsweek*, 2005 *F & S Index United States Annual*, 2006 *Cyberterrorism and Computer Attacks* Lawrence V.
