**Marketing As Strategy** Nirmalya Kumar, 2004-05-05 CEOs are more than frustrated by marketing's inability to deliver results. Has the profession lost its relevance? Nirmalya Kumar argues that although the function of marketing has lost ground, the importance of marketing as a mind set geared toward customer focus and market orientation has gained momentum across the entire organization. This book challenges marketers to change their role from implementers of traditional marketing functions to strategic coordinators of organization-wide initiatives aimed at profitably delivering value to customers. Kumar outlines seven cross-functional and bottom-line oriented initiatives that can put marketing back on the CEO's agenda and elevate its role in shaping the destiny of the firm. *Information Communication Technologies and Emerging Business Strategies* van der Graaf, Shenja, Washida, Yuichi, 2006-08-31 This book explores new media such as online music stores, iPods, games, and digital TV and the way corporations are seeking innovative ways to re-engage with their consumers in the digital era.
