construction of brand new Fenway Park and its first renovation as the team which won the pennant by 14 games prepared for Fenway's first World Series. The 1912 World Series remains one of the most exciting in baseball history extending to eight games because of a 14-inning tie game in Game Two. In Game Eight the Giants scored a tie-breaking run to take a lead in the top of the 10th inning only to see Boston come back with two in the bottom of the 10th to win at home. Other articles in the book detail intriguing topics including a fascinating spring training during which Sox players joined the hunt for a murderer in Hot Springs, life in Boston in 1912 and how the newspapers and telegraph reported the games in the days before radio, television or the internet. It may surprise some to learn of the thousands of people who crowded outside the downtown offices of newspapers so they could get batter-by-batter updates on the progress of the World Series games in progress. There are more than a dozen books celebrating the 100th anniversary of Fenway Park but only this one is devoted to the 1912 season itself providing the context for the then new park which remains home to Boston baseball a century later. *The New York Times Century of Business* Floyd Norris, Christine Bockelmann, 2000. Teaching and Learning the West Point Way is a unique compendium of the best teaching and learning practices from one of the most celebrated and storied undergraduate teaching and learning environments and institutions in America: the United States Military Academy at West Point, New York, USA. Drawing on the broad academic curriculum that the students follow at West Point in addition to military leadership, character development and competitive athletics, this book describes proven and effective undergraduate pedagogy across a number of academic disciplines. Case studies, strategies and techniques, empirical teaching and learning research results, syllabi and assignments developed and deployed by West Point faculty are included which faculty in other higher education institutions can adapt and apply to their own programs and courses. An accompanying companion website provides additional syllabi, course guides, lesson plans, PowerPoint activities and lecture slides as well as videos of the editors and authors discussing how key concepts in their chapters might be applied in different teaching and learning contexts. This is an opportunity to gain an in-depth insight into the programs and practices inside one of the world's premier leadership development and educational institutions. It should appeal to new and experienced faculty and administrators interested in course creation and syllabus design across a wide range of disciplines in educational institutions and military academies across the globe. *American Chess Magazine*, 1898 **Westminster Chess Club Papers**, 1878 *Franchise Times*, 2004 **Business Review Weekly**, 2005 *The New York Times Magazine*, 1996-04 *The Times Index*, 1993.
