Cover Letter Book to Trending Price:

Humanocracy, Updated and Expanded Gary Hamel, Michele Zanini, 2025-08-26 A powerful new edition of the Wall Street Journal bestseller that helps leaders build radically more human and capable organizations. Now more than ever we need organizations that are daring, resilient, and creative. Unfortunately, when confronted by unprecedented challenges, most companies and institutions prove to be timid, plodding, and orthodox. The culprit is bureaucracy. With its top-down power structures and rule-choked systems, bureaucracy hobbles ingenuity and innovation. In a time of upheaval, these long-tolerated impediments are fast becoming competitively and economically untenable. Humanity needs and deserves something better. In *Humanocracy*, Gary Hamel and Michele Zanini make a passionate, data-driven argument for unstalling bureaucracy and reinventing management as we know it. In this extensively updated and expanded edition, readers will find new and compelling case studies, the latest research findings, and a wealth of fresh and provocative insights. *Humanocracy* is both a manifesto for institutional renewal and a blueprint for building organizations that are as courageous, energetic, and ingenious as the people inside them. Essential building blocks include: Motivation, Rallying colleagues to the challenge of reimagining management as usual; Models, Leveraging the experience of vanguard organizations that have successfully disrupted the bureaucratic status quo; Mindsets, Escaping the industrial age thinking that undermines the quest to build radically more capable organizations; Mobilization, Activating a pro-change coalition to hack outmoded management systems and processes; Migration, Embedding the principles of humanocracy: ownership, markets, meritocracy, community, openness, experimentation, and paradox, in your organization's DNA. If you've finally run out of patience with bureaucratic bullshit, if you're eager to build an organization that can outrun change and outperform expectations, if you believe every team member deserves the chance to do something extraordinary, then this book is for you.

Get It Done: Write a Cover Letter Jeremy Schifeling, 2018-09-25
Want to write the perfect cover letter. But don't have time to read through a 300-page book first? Then *Get It Done* is for you. Here's why: it's been a Kindle best-seller for six years in a row! 1. It's fast: The whole book takes about 30 minutes to read. 2. It's to the point: It breaks the cover letter down to 12 parts and gives you a precise template to complete for every single step. 3. It works: I developed this system while serving as a Recruiter for Teach For America. I've since taught it to MBAs as a Career Coach at the University of Michigan, leading to job offers from Apple, GE, Microsoft, Amazon, LinkedIn, and Google. And the system has even been featured in U.S. News! I was just another piece of paper in the deck. Jeremy's beneficial insight to the cover letter was against my traditional understanding. His direct nature and step-by-step guidance proved to be beneficial in my search. I was able to go through the book and develop a brand-new cover letter from scratch in less than an hour. Given the price of the book and the time it takes to go through, there is absolutely no excuse why you shouldn't buy it right now and start fresh in conveying your background to your next employer. IJ If you like me hate writing cover letters, then this book is for you. Before reading this book, I was not even using cover letters because I thought they didn't matter and I didn't know

networking contact How do you write a cover letter that will never be misinterpreted as a sales pitch or autobiography How do you plan write and format an outstanding book proposal that lets the reader see the bottom line profit for the publisher Positioning your goal or project first means going where no one has gone before It s where the competition is missing Go where no one else has gone before when you plan write and format great cover letters follow up letters and book proposals Cover and follow up letters or proposals could be applied to book proposals book proposal cover letters written marriage proposals pre nuptials and courting Cover letters could apply to love letters letters to friends and relatives business contacts at trade shows or literary agents *How To Write Amazing Cover Letters* The Hyperink Team, 2012-02-12 ABOUT THE BOOK If a resume is a window into your past work experience a cover letter is the tool you use to install it Cover letters were once just an after thought something most people used to simply regurgitate their resumes In fact it wasn t until the last decade that cover letters gained wide acceptance and importance Today not only is the cover letter just as important as a resume it can be the deciding factor in whether a hiring manager looks at your resume or throws it in the trash But how do you write the kind of amazing cover letter that will get you in the door How can you create a narrative of your professional experience that makes the HR person sit up and take notice The key is knowing how to present yourself It does not matter if you ve spent 30 years in the work force or are just entering it the fact remains that you need to learn to how convince someone else to interview you MEET THE AUTHOR The Hyperink Team works hard to bring you high quality engaging fun content If ever you have any questions about our products or suggestions for how we can make them better please don t hesitate to contact us Happy reading EXCERPT FROM THE BOOK You ve probably figured out a few mistakes to avoid already but you d probably be surprised at what many employers are turned off by when reading cover letters Lack of proofreading This is a no brainer but many people often miss them or don t bother to spell check before sending out the cover letter and resume It s always a good idea to ask a friend or family member to check your letter for spelling errors and typos to give you a fresh perspective Not including the name of the hiring manager If you don t know who is going to read your cover letter and resume try to find out When in doubt call the company and ask who the person in charge of that department is so you can target your letter appropriately Not writing to an audience Focus each letter on each employer According to Career Builder 44 percent of executives polled said it s common for applicants to use their cover letters to show they ve learned more about the job Doing so can give you an edge against the competition Failing to sell yourself If you undersell your skills and qualifications you won t make an impression on the reader Don t just talk about your accomplishments give concrete examples Regurgitating the resume Cover letters weren t meant as a tool to repeat everything that s in your resume It s a tool to build on it and an opportunity to correlate your experience with the job you re applying for Include any training classes awards and recognition you ve received in the past that might give you an edge over the competition Buy a copy to keep reading **Knock 'em Dead Cover Letters** Martin Yate, 2012-10-18 Write a cover letter
