The New Video Game Idea Book Adam Jeremy Capps, 2021-07-25 The New Video Game Idea Book is a book that gives game makers ideas for a great new video game It does so by giving the game maker new and old ideas to work with It also goes over the philosophy of what makes a good video game helps the game maker s imagination shows them their options and goes over the best methods for making a new video game This is a helpful public domain book for making good video games *Innovation and Teaching Technologies* Marta Peris-Ortiz, Fernando J. Garrigós-Simón, Ignacio Gil Pechuán, 2014-04-03 This book focus on organizational changes that are taking place in higher education Universities are currently experiencing a period of change and restructuring into what is known as the European Higher Education Area EHEA EHEA represents a process of educational reform based on three types of transformations structural curricular and organizational The integration of universities in this new EHEA is bringing conceptual and methodological changes not just to the structure of university education but also to the teaching learning processes and the conditions under which they take place EHEA is prompting a change in the teaching model towards the consideration of students as the main actors in the educational process This change requires new teaching strategies where students are asked to resolve problems with tools provided by the teacher This book presents ideas results and challenges related to new information and communication technologies innovations and methodologies applied to education and research as well as demonstrating the latest trends in educational innovation *Game Design Workshop* Tracy Fullerton, 2014-03-05 Create the Digital Games You Love to Play Discover an exercise driven non technical approach to game design without the need for programming or artistic expertise using Game Design Workshop Third Edition Author Tracy Fullerton demystifies the creative process with a clear and accessible analysis of the formal and dramatic systems of game design Examples of popular games illustrations of design techniques and refined exercises strengthen your understanding of how game systems function and give you the skills and tools necessary to create a compelling and engaging game The book puts you to work prototyping playtesting and revising your own games with time tested methods and tools It provides you with the foundation to advance your career in any facet of the game industry including design producing programming and visual design *American Vikings* Martyn Whittock, 2023-11-07 A vivid and illuminating new history separate fact from fiction myth from legend exploring the early Vikings settlements in North America Vikings are an enduring subject of fascination The combination of adventure mythology violence and exploration continues to grip our attention As a result for more than a millennium the Vikings have traveled far and wide not least across the turbulent seas of our minds and imaginations The geographical reach of the Norse was extraordinary For centuries medieval sagas first recorded in Iceland claimed that Vikings reached North America around the year 1000 This book explores that claim separating fact from fiction and myth from mischief to assess the enduring legacy of this claim in America The search for American Vikings connects a vast range of different areas from the latest archaeological

evidence for their actual settlement in North America to the myth making of nineteenth century Scandinavian pioneers in the Midwest and from ancient adventurers to the political ideologies in the twenty first century It is a journey from the high seas of a millennium ago to the swirling waters and dark undercurrents of the online world of today No doubt the warlike Vikings would have understood how their image could be weaponized In the same way they would probably have grasped how their dramatic violent passionate and discordant mythologies could appeal to our era and cultural setting They might though have been more surprised at how their image has been commercialized and commodified A vivid new history by a master of the form American Vikings explores how the Norse first sailed into the lands and then into the imaginations of America
