Stephen Badu-Yeboah,2013-11-29 This book is a bridge between science and religion For much of the ancient times until the eighteenth century all our human issues and answers were based on religion However from the eighteenth century onward even though it started from the second century and peaked a bit more during the thirteenth century people questioned the authenticity of all the religious responses to all our human quest For this reason many scientists conducted scientific research to find out the evidentiary truth to the religious responses about the universe origin of moral values the existence of God etc This book is about the true origin of moral values and about the true existence of God In this book I seek to give objective scientific philological and religious explanations as to the real existence of God I also seek to explain who is the source of our moral values In the final analysis I do suggest in this book that science and religion are friends who are seeking and seeing the same thing from different perspectives Therefore they proclaim their findings with different names which are generally of similar philological meaning I also suggest that with the present lack of objective evidentiary proof God cannot be said to exist anthropomorphically but truly exists pneumatologically and he is the creator of our existence and the source of our moral values    American Biotechnology Laboratory ,2005    Scientific American ,1899    **Boys' Life** ,2003-12 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting    Transactions of the National Association for the Promotion of Social Science National Association for the Promotion of Social Science (Great Britain),1885 The volume for 1886 contains the proceedings of the Conference on temperance legislation London 1886    **Library & Information Sciences** ,1994    **ThompsonCourierRakeRegister\_2018-02-15** ,2018-02-15 ThompsonCourierRakeRegister\_2018 02 15    Weekly Drug News and Prices Current ,1884    Business Publication Advertising Rates and Data Standard Rate & Data Service,1969    **English Mechanic and Mirror of Science** ,1883    Instructor ,1975-08    Science News-letter ,1964
