Globalization and Media Jack Lule,2011-11-15 This lively and accessible book argues

for the central role of media in understanding globalization Indeed Jack Lule convincingly shows that globalization could not have occurred without media From earliest times humans have used media to explore settle and globalize their world In our day media have made the world progressively smaller as nations and cultures come into increasing contact Decades ago Marshall McLuhan prophesied that media technology would transform the world into a global village Slowly fitfully his vision is being fulfilled The global village however is not the blissful utopia that McLuhan predicted Nor in a more modern formulation is the world flat with playing fields leveled and opportunities for all Instead Lule argues globalization and media are combining to create a divided world of gated communities and ghettos borders and boundaries suffering and surfeit beauty and decay By breaking down the economic cultural and political impact of media and through a rich set of case
