**Media Planning & Buying in the 21st Century** Ronald D. Geskey,2011 Unlike existing media texts Media Planning and Buying in the 21st Century places emphasis on media planning and buying in the context of the major marketing and communications trends from integrated marketing communications the integration of traditional digital and social media the recognition that media buying and selling as equal partners with planning and much more We are in the early stages of a marketing and media revolution but existing media books are still stuck in the 20th century IMC continues to be ignored by many agencies Accountability and ROI still an alien concept Social media are barely mentioned There is little recognition of
