KI 2008: Advances in Artificial Intelligence Andreas Dengel, Karsten Berns, Thomas Breuel, Frank Bomarius, Thomas R.

Roth-Berghofer, 2008-09-24 KI 2008 was the 31st Annual German Conference on Artificial Intelligence held September 23-26 at the University of Kaiserslautern and the German Research Center for Artificial Intelligence DFKI GmbH in Kaiserslautern Germany The conference series started in 1975 with the German Workshop on AI GWAI which took place in Bonn and represents the first forum of its type for the German AI Community Over the years AI has become a major field in computer science in Germany involving a number of successful projects that received much international attention Today KI conferences are international forums where participants from academia and industry from all over the world meet to exchange their recent research results and to discuss trends in the field Since 1993 the meeting has been called the Annual German Conference on Artificial Intelligence designated by the German acronym KI This volume contains the papers selected out of 77 submissions including a number of submissions from outside German speaking countries In total 15 submissions 19% were accepted for oral and 30 39% for poster presentation Oral presentations at the conference were in a single track Because of this

the choice of presentation form oral poster was based on how well reviews indicated that the paper would fit into one or the other format. The proceedings allocate the same space to both types of papers. In addition we selected six papers that show high application potential scribing systems or prototypical implementations of innovative AI technologies. They are also included in this volume as two page extended abstracts.
