Disruptive Platforms Tymoteusz Doligalski, Michał Goliński, Krzysztof Kozłowski, 2021-12-19 It has taken platforms only twenty years to become digital economy hubs They have changed markets enterprises and society They have expedited communication collaboration and trade for consumers winning their attention and collecting their data In doing so they have made processes products and industries obsolete and disrupted the expectations and behaviours of market players This raises the question are digital platforms global innovators or disruptive monopolists Are they a solution to problems of the past or emissaries of a problematic future This book provides a multi

faceted approach to platforms and their profound impact on markets and ecosystems Economic managerial social and political aspects are analysed and the differentiation of platforms and their disruptive potential is reviewed The book also examines the mechanism of achieving a monopolistic position including in the international supply chain and the greater influence of platforms on political activity and contemporary democracy With examples from Poland USA and China the contributions offer an international evaluation of disruptive platforms across a multitude of industries The edited collection prepared by scholars from the SGH Warsaw School of Economics will be valuable to researchers and academics across the fields of strategic management marketing innovations international business and the digital economy *American Reich* Eric Lichtblau, 2026-01-06 From the Pulitzer winning author of the New York Times bestseller *The Nazis Next Door* A deeply reported exploration of the violent resurgence of hatred and white supremacy through the lens of Orange County California ground zero for racial extremism and the story of one brutal murder there that revealed the deep roots of violent bigotry as a bellwether for the country One night in early 2018 while he was home from college an Ivy League student named Blaze Bernstein snuck out of his parents house in Orange County Waiting for him in a car outside was an old high school classmate Sam Woodward someone who Blaze mostly remembered as a brooding bigoted loner But that night after months of flirtatious messaging Sam had succeeded in coaxing Blaze a gay Jewish sophomore at UPenn out for a rendezvous No one would ever see him alive again In *American Reich* veteran investigative journalist Eric Lichtblau uses the story of Blaze s life and death to shine a light on the epidemic of hate in Southern California and increasingly the nation as a whole Orange County has long been a bastion of the ultra right carved out of farmland as a haven for wealthy whites fleeing the diversifying metropolis to the north it was the birthplace of the far right John Birch Society a hub for neo Nazi recruitment and a powerful springboard for race baiting Republican politicians including Richard Nixon and Ronald Reagan But in the years leading up to Blaze s disappearance Orange County was changing like the country as a whole it was rapidly diversifying to the outrage of many of its white residents No one was more opposed to the changes than America s resurgent neo Nazi groups one of which had recently gained a new member Sam Woodward Revealing how Orange County has exported racial hatred to the rest of the country and the world *American Reich* weaves this tragic tale together with stories from across the nation showing what this haunted place and the colliding paths of two of its residents reveal about America s fractured soul and our hope for healing
