Mental Health Tips Vs Customer Service:

Programs and Tools to Improve the Quality of Mental Health Services Barbara L. Kass-Bartelmes, 2008-05 Major depressive disorder is the leading cause of disability among adults suicide ranks as the second leading cause of death among those ages 10-17. In any given year over 2 million Americans suffer the symptoms of schizophrenia but more than half do not receive appropriate treatment. Mental health professionals have expressed concern that education training programs have not kept up with changes in health care over the past 15 years. As a result, those receiving care may not be benefiting from recent advances. This report focuses specifically on AHRQ funded research that has led to the development of programs and methods/tools for evaluating and improving the quality of MH services improving the education of MH professionals.
