**Papers of Russell Braddon** Russell Braddon, 1949 The Acc04 264 instalment comprises the playscript for *The naked island* with the author's annotations and a proof of Cheshire V C 1 box. **The Naked Island** Russell Braddon, 1981. [Prisoners of the Japanese](#) Roger Bourke, 2006 Between December 1941 and May 1942 the Japanese army took more than 130 000 allied prisoners of war, more than a quarter did not survive their imprisonment. Here Bourke analyses the major novels and films of the prisoners of war experience under the Japanese and uncovers the extent to which these fictions have influenced our beliefs.

*End of a Hate* Russell Braddon, 1958. *Ian Watt* Marina MacKay, 2018 Both an intellectual biography and an intellectual history of the mid century this book reconstructs Ian Watt's wartime world and shows how our ideas about the social, moral and psychological work that the novel accomplishes can be traced to the crises of the Second World War and its aftermath.

**Lest** Mark Dapin, 2024-07-03 From Simpson's donkey and the Emu War to Vietnam and Ben Roberts Smith Australian military history is full of events that didn't happen the way most people think they did. In his inimitable style award winning author Mark Dapin sets the record straight. Australia has many stories and statues lest we forget our military past. But from Simpson's donkey to Ben Roberts Smith our history is full of events that didn't happen the way most people think they did. The first Anzac Day for example was far from being a solemn march it was a celebration where people dressed as cavemen and dinosaurs among other things. And is it true that British officers callously dispatched Australian soldiers to their deaths in the Dardanelles as we've been told? Did we really hate the soldiers returning from Vietnam? Were the white feather women of the First World War fact or fiction? In his inimitable style award winning author and historian Mark Dapin sets the record straight showing that the reality was often completely different from the myth and that in celebrating the wrong people we often overlook the real heroes. With *Lest* Mark Dapin transforms his trademark humour into serious history. It forces us to look again at stories we think we all know or should know and reframe them with intellectual rectitude and rigour. *Lest* offers new perspectives on the past from one of Australia's most interesting and provocative thinkers Clare Wright.
