Nanny Knows Best Cookbook marian james,2017-04-12 This cookbook isn t about fine dining These recipes aren t about piling food on top of itself then decorating the plate with swirls to make it look pretty although that topic is addressed later in the book in the entertaining section I m not totally devoid of a little finesse you know These recipes are for the everyday inexpensive meal which will appeal to vegetarians and meat eaters alike who appreciate good tasty home cooked food Something for everyone with my own Devonshire take on my own created recipes Even what comes first on a scone the jam or the cream Well you ll just have to buy the book to find out The first sections are there to help the novice cook who is perhaps faced with empty cupboards and not a clue where to start There is advice on equipment My tips for making cooking as easy as possible some of which more competent cooks might find of interest I m old school I don t faff around with fillets of beef and I don t know many who just happen to have one to hand in the fridge or freezer I m not a chef I m a cook with many years experience and I love food I love eating it looking at it and the kitchen is where I feel most comfortable But I do admire chefs They have such special skills but I bet their roast dinners aren t a patch on mine And how many of us have eaten in a restaurant ordered something with a fancy name been very disappointed and thought well I could do better myself So this book is for everyone Step by step recipes for easy reading There is a section for vegetarians vegans even gluten and dairy free will be able to find
