## **Outpost Progress Joseph Conrad:**

Joseph Conrad Robert D. Hamner, 1990 Issues of racial discrimination imperialist exploitation and accuracy of observation have long interested Conrad's critics. As a European writing about imperialism in exotic lands Conrad offered a vivid but subjective account of the confrontations between the cultures and peoples of East and West. Though some in Africa have condemned his novels as racist the books have been used as models for the work of recent generations of native writers. This collection of essays places Conrad's work under the scrutiny of an international array of scholars who explore the response to Conrad in contemporary times as well as during his own era

### **Joseph Conrad and the Fictions of**

**Skepticism** Mark Wollaeger, 1990-11-01 You want more scepticism at the very foundation of your work. Scepticism the tonic of minds the tonic of life the agent of truth the way of art and salvation Joseph Conrad wrote these words to John Galsworthy in 1901 and this study argues that Conrad's skepticism forms the basis of his most important works participating in a tradition of philosophical skepticism that extends from Descartes to the present. Conrad's epistemological and moral skepticism expressed forestalled mitigated and suppressed provides the terms for the author's rethinking of the peculiar relation between philosophy and literary form in Conrad's writing and more broadly for reconsidering what it means to call any novel philosophical. Among the issues freshly argued are Conrad's thematics of coercion isolation and betrayal the complicated relations among author narrator and character and the logic of Conradian romance comedy and tragedy. The author also offers a new way of conceptualizing the shape of Conrad's career especially the decline evidenced in the later fiction. The uniqueness of Conrad's multifarious literary and cultural inheritance makes it difficult to locate him securely in the dominant tradition of the British novel. A philosophical approach to Conrad however reveals links to other novelists notably Hardy Forster and Woolf all of whom share in the increasing philosophical burden of the modern novel by enacting the very philosophical issues that are discussed within their pages. Conrad's interest as a skeptic is heightened by the degree to which he resists the insights proffered by his own skepticism. The first chapter introduces the idea of the Conradian shelter and the next two use Schopenhauer to show how the language of metaphysical speculation in *Tales of Unrest* and *Heart of Darkness* spills over into a religious impulse that resists the disintegrating effect of Conrad's skepticism. The author then turns to Hume to model the authorial skepticism that in *Lord Jim* contests the continuing visionary strain of the earlier fiction and Descartes to analyze the ways in which Romantic vision is more stringently chastened by irony in *Nostromo* and *The Secret Agent*. The concluding chapter touches on several late novels before examining how competing models of political agency in Conrad's last great fiction of skepticism *Under Western Eyes* situate it somewhere between ideology critique and a mystified account of the exigencies of individual consciousness

*Conrad's Narratives of Difference* Lissa Schneider, 2013-12-16 In Joseph Conrad's tales representations of women and of feminine generic forms like the romance are often present in fugitive ways Conrad's use of allegorical feminine imagery fleet or deferred introductions of female characters and hybrid generic structures that combine features of masculine tales of adventure and intrigue and feminine dramas of love or domesticity are among the subjects of this literary study Many of Conrad's critics have argued that Conrad's fictions are aesthetically flawed by the inclusion of women and love plots thus Thomas Moser has questioned why Conrad did not cut them out altogether Yet a thematics of gender suffuses Conrad's narrative strategies Even in tales that contain no significant female characters or obvious love plots Conrad introduces elusive feminine presences in relationships between men as well as in men's relationships to their ship the sea a shore breeze or even in the gendered embrace of death This book investigates an identifiably feminine point of view which is present in fugitive ways throughout Conrad's canon Conrad's narrative strategies are articulated through a language of sexual difference that provides the vocabulary and grammar for tales examining European class racial and gender paradigms to provide acute and at times equivocal investigations of femininity and difference
