*Finxerunt: Across the Spectrum of Socioeconomics* Finxerunt Movement,Mahmoud H Abdellatif,Ryan F Ahmed,Mamadou C Barry,Ryan N Curran,Rehan M Yazdani,Aarushi Kaushal,Sarah G Infante,Depa Saha, The Finxerunt Movement is a growing international student led Non Governmental Organization NGO founded on July 10th 2017 on the basis of building a sustainable future due to the several conceptual issues in our current global systems in economics leadership education healthcare human rights and equality and societal prioritization Using a comprehensive yet attainable Three Step initiative the organization proposes new ideas to tackle the roots of many modern issues in order to make the world a better place Here at Finxerunt we wish to push for equality and to highlight the intelligence and creativity of each individual In doing so the organization hopes to unite the minds of ordinary people to push towards advancement in our society Uniting would end the many distractions of war and partisan politics which would enable humans to expand in knowledge and do boundless things A long term goal of this organization is to join hands with people in creating a better world for the environment and the people on it The organization hopes to unite the minds of people in order to push towards advancement in our society When people unite they celebrate their differences and by default this eliminates the need for war and aggression Instead people are driven by a common goal for a better world and the I is replaced with the We The ultimate purpose of this project is to highlight the infinite possibilities that can occur when people come together whether it simply spreads awareness or leads to tangible change By creating this initiative we hope to reach people all over the world and to encourage them to develop an interest in fostering a greater society

**Power to the Players** Rob Smat,2023-11-21 Prepare yourself for the ultimate expos of the retail trading revolution The sea shanties YOLOs and red bandanas were just the beginning Did you know Robinhood didn t actually initiate the infamous trading halt Or why Redditors refer to 2021 as the sneeze rather than the squeeze And what if I told you that some shares in your brokerage account might be counterfeits If not buckle up Witness firsthand the real and utterly ludicrous hivemind that brought Wall Street to its knees in January 2021 and discover why GameStop was only the beginning of an even more unprecedented retail contagion one that will challenge everything you think you know about our markets all over again If the meme mania of 2021 drew blood from Wall Street what follows is the Shakespearean realization that Reddit s blade was in fact poisoned In a digital world where information is frequently deleted revised and buried accurately piecing

together events is nearly impossible While other authors and journalists have understandably struggled Rob Smat offers a clear and unfiltered account having witnessed every twist of the GameStop phenomenon firsthand Power to the Players is as much an unabridged history of the GameStop sneeze as it is a roadmap of how retail traders regrouped when everyone else thought the story had ended in calamity The truest of diamond hands never sold and their power has only grown stronger since Before Redditors were merely a nuisance to the status quo Now they're poised to upend it completely [\*\*The Blockchain Revolution\*\*](#) Swarnalata Verma,2025-01-03 The Blockchain Revolution How Cryptocurrencies Began simplifies the complex world of blockchain technology and cryptocurrencies for beginners We start by explaining cryptocurrencies and then delve into the broader technology of blockchain This book offers the latest insights on blockchain adoption and its real world applications in corporate scientific healthcare and biomedical fields We guide readers through their first cryptocurrency transactions covering various platforms and software including PC and Android apps As cryptocurrency rapidly spreads globally understanding this evolving technology is crucial The book also explores the Greater Fools Theory in cryptocurrency highlighting potential pitfalls to avoid Beyond cryptocurrencies we examine different blockchain types and their uses including cybersecurity measures to protect blockchain systems The book concludes with practical blockchain solutions supported by detailed illustrations graphs and links to further resources Each chapter ends with key questions to reinforce learning This book is a valuable resource for anyone looking to understand and navigate the blockchain revolution
