work and play as we know it and it s only just getting started The rise of AI is a milestone on par with the discovery of fire the invention of the wheel and the creation of the internet In short AI is going to change everything For some that s an exciting prospect For others it s terrifying However you feel about AI there s no escaping it whether you re in a global metropolis or a farmer in rural KwaZulu Natal Dr Mark Nasila has been watching AI s ascent for over a decade studying its effects on

everything from agriculture and aviation to healthcare education entertainment crime prevention energy management policy creation finance and anything in between and applying them to his role at one of South Africa s most successful financial institutions First National Bank a division of FirstRand Group African Artificial Intelligence is a comprehensive and

fascinating journey tracing the rise of AI and its evolution into the emerging technology underpinning all others from connected devices and smart chatbots to the metaverse Mark combines unexpected use cases and tales of cutting edge innovation with a unique and potent argument harnessing AI to solve Africa s problems requires embracing it from an African perspective African nations can t afford to simply import AI solutions from afar Instead Mark contends they need to rework remix and refine AI so it s able to meet uniquely African challenges in uniquely African ways and to take advantage of the once in a generation opportunity AI represents for every industry sector and person everywhere
