The Building and Breaking of Peace Molly M. Melin, 2021 Private corporations are rarely discussed as playing a role in efforts to curb civil violence even though they often have strong interests in maintaining stability Violence often damages the infrastructure necessary to deliver goods to market or may directly target companies Corporations also have a normative obligation to conduct business in ways that promote peace While there are historical examples of firm instigated violence and firms reaping benefits from instability and conflict there is also evidence that corporations proactively engage in peacebuilding For example firms devise programs to promote economic development offer access to education and employ former combatants In *The Building and Breaking of Peace* Molly M Melin develops a theory of the conflicting roles corporations play in both building and preventing peace Melin shows that corporations engage in peacebuilding when there is a gap in the state's capacity to enforce laws but they also weigh the opportunity costs of peacebuilding responding to the need for action when conditions enable them to do so Firms are uniquely situated in their ability to raise the cost of violence and proactive firms can increase the years of peace in a country At the same time an active private sector can make it harder for states with ongoing conflict to reach an agreement as they act as an additional veto player in the bargaining process Including original cross national data of peacebuilding efforts by firms in Latin America the Middle East and Africa from 2000 to 2018 and in depth case analyses of corporate actions and outcomes in Colombia Northern Ireland and Tunisia Melin shows that corporations help to prevent violence but not resolve it In examining the corporate motives for peacebuilding and the implications of these activities for preventing violence and conflict resolution the book builds a more holistic picture of

the peace and conflict process The findings also help explain why armed civil conflicts persist despite the multitude of diverse actors working to end them Become a Home cropper Dennis DeLaurier,2024-03-24 I am not a Farmer Yes many have said that but why are you so different from your ancestors who were farmers and grew their food Farming like just about anything else takes some practice but all of us eventually learned to walk No one said I am not a walker as far as I know Farming is no different you just have to educate yourself and practice a little So here are some negative things you should dispatch into the trash heap I am not a farmer I live in a house I don t live on a farm I live in an apartment I have no idea how to start **Ebony** ,2001-10 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine *Grup dan Komunitas di Sosial Media* Micho W Putra,2025-03-12 Di era digital seperti sekarang ini media sosial bukan hanya menjadi tempat untuk berinteraksi tetapi juga merupakan alat yang kuat untuk membangun komunitas Tidak sedikit orang yang berhasil mengembangkan komunitas yang aktif dan berkembang bahkan menghasilkan uang dari kegiatan online mereka Melalui buku ini saya ingin mengajak Anda untuk memahami bagaimana membangun grup atau komunitas yang dapat menghasilkan uang dengan langkah langkah yang terstruktur dan mudah diikuti Kunci dari keberhasilan ini adalah pemahaman tentang cara menciptakan interaksi yang bernilai menjaga agar komunitas tetap aktif serta menemukan cara yang tepat untuk memonetisasi komunitas tersebut Buku ini akan membahas berbagai topik terkait mulai dari dasar dasar membangun komunitas online cara melibatkan anggota hingga strategi monetisasi yang bisa diterapkan **The Routledge Handbook of Language and Digital Communication** Alexandra Georgakopoulou,Tereza Spilioti,2015-07-16 The Routledge Handbook of Language and Digital Communication provides a comprehensive state of the art overview of language focused research on digital communication taking stock and registering the latest trends that set the agenda for future developments in this thriving and fast moving field The contributors are all leading figures or established authorities in their areas covering a wide range of topics and concerns in the following seven sections Methods and Perspectives Language Resources Genres and Discourses Digital Literacies Digital Communication in Public Digital Selves and Online Offline Lives Communities Networks Relationships New debates and Further directions This volume showcases critical syntheses of the established literature on key topics and issues and at the same time reflects upon and engages with cutting edge research and new directions for study as emerging within social media A wide range of languages are represented from Japanese Greek German and Scandinavian languages to computer mediated Arabic Chinese and African languages The Routledge Handbook of Language and Digital Communication will be an essential resource for advanced undergraduates postgraduates and researchers within English language and linguistics applied linguistics and media and communication studies **International Abstracts of Human Resources** ,2005 **TikTok Says The Clock!** Alex Li Yang,2020-02-05 TikTok Goes The Clock It s Time You Cashed In Do you want to reach a BILLION potential clients Are you dreaming of an army of LOYAL followers Do you want to
