El Morya Your Divine Power Sharon Stewart,2020-08-09 Ascended Master Chohan of the Blue Ray El Morya otherwise incarnated as King Arthur and Abraham of the Biblical Genesis among others comes to you now to help all going through ascension on earth through using the various rays Father shows us how to change our life story from one of perhaps suffering to joy as he teaches you to understand the truths of your existence and to apply them to your own life story This very powerful technique brought tears to my eyes as I realized the underlying truths that had survived underneath my insistence on seeing them negatively

Ashtar Sheran: Your Future on Eden Sharon Stewart,2020-03-24 Sharon So why are you telling us all this now Ashtar Ashtar Because it's time Sharon Sharon Stewart Channeler they can see into the future jump timelines and see the effects of their work in the future Documents released to the public now only continue to back up the false narrative they created 70 years ago You are naive if you believe otherwise Besides that extraterrestrials don't keep paper documents Earthlings do Ashtar's information about future technologies and our use of them to battle rising ocean levels will leave you relieved and feeling more comforted about the future of humanity We will come to our own aid and we'll do a fantastic job of transforming our planet in the meantime Written in easy to read English lacking in technical jabber anyone can read this book from start to finish and increase in awareness and frequency

A Heart So Familiar Raine Thomas,2022-03-04 He's the NHL's Golden Boy the Atlanta Siege's All Star goalie and the crusher of hearts at least when it comes to one woman from his past Hockey has been Christian Reinhardt's focus since he was nine years old When an injury threatens to take that from him he's forced to start planning a future off the ice Now the gaming app he's been coding on the side is priority number one The kicker The woman who can get him access to the beta testers he needs is the one whose heart he once shattered She's a woman on a mission determined to do whatever it takes to achieve her dreams until that means aligning with the one guy she hoped never to see again Getting rejected by her first love taught Paige O'Connell to focus on her career rather than romance Now a registered dietitian and private chef she's met all her goals except getting her food on retail shelves and it's looking like it's going to take a miracle to make that happen Go figure that her miracle shows up in the form of Christian Reinhardt With his squeaky clean image huge fan base and finely honed physique he's exactly the spokesperson she needs It starts as a tentative truce that quickly ignites a familiar spark How it all ends will depend on whether Christian can convince Paige to give him one more chance at protecting her heart Game on A Heart So Familiar is a steamy sports romance featuring a sizzling hot NHL goalie with questionable social skills and a sassy chef with a big heart and a fetish for gaming T shirts This is the second of Raine's Atlanta Siege hockey romances but it can be read as a standalone since it comes complete with a hockey romance HEA that will give you all the feels

John Hawkins,2019-02-13 Gain financial peace by learning to maximize your savings using coupons Stop spending more than you have to and start using your money for things you want I share a breakdown of how couponing works real world applications and some of my personal tips and tricks that have saved me thousands of dollars with minimal time commitment If you are ready to start saving then it's time to start **The Complete Google Adwords and YouTube Advertising Book**

Jerry Banfield,2016-11-17 Would you try reading this book today to make your experience with Google AdWords and YouTube advertising easier than mine was In 2011 when I started using Google AdWords to get clicks to my website and promote my business online I wasted thousands of dollars getting clicks I did not need and hundreds of hours working with the ads only to get my account suspended as soon as I got a positive ROI By 2012 I started managing Google AdWords for clients based on my experience failing to do my own ads successfully Amazingly client ads were often easier to do than my own and inspired me to try a new approach to AdWords using YouTube advertising also known as Google AdWords for video YouTube now is my biggest asset online thanks to YouTube advertising and continues to help me build deeper relationships with followers and customers that just watched one video Four years after I got my first AdWords account suspended I gained enough courage to try again on advertising my online courses with a new website and new business model From the beginning I was getting sales for 20 in ad spend and eventually got down to sales consistently for 5 with display ads and 8 with search ads When this was combined with the higher ranking on Udemy and the organic search traffic follow up from students sharing the courses my work on Google AdWords became part of a multimillion dollar sales system selling courses online That sounded impressive right Good because I love to try and impress everyone with how smart I am Let's enjoy the flight up for a moment before back down to earth again My Google AdWords advertising system was so good that if you were finding out about Udemy you were sure to encounter my courses and soon my courses were a dominant presence on Udemy with me having as many as 170 000 students in my courses At one point my ad spend was nearly 1 000 per day with around 1 000 clicks to 10 000 per day from nearly every country in the world I had an affiliate remarketing system setup that was just on the edge of the terms and conditions where if you searched for Udemy you would find my instructor course with no affiliate link and then I would show you ads to go back to Udemy with an affiliate link plus buy my courses for 9 using a free coupon that allowed me to work outside the pricing system then in place With so many students in my courses I could actually track affiliate conversions in Google AdWords and was continually consuming more of the entire Udemy student base into my courses In June 2016 Udemy sent me an email out of nowhere banning me from the website based on what felt like to me an excuse to breakup rather than an actual policy violation I was so consumed with the rules that I knew was allowed and at the same time was attempting to slide around the spirit of the rules for my benefit in every way technically available especially with Google AdWords With being banned from Udemy my entire Google AdWords system collapsed immediately With no more Udemy courses all of the thousands of ads I made had to be edited Those edited ads failed utterly to sell

courses directly hosted through my website because the entire system worked together Now I am starting over again with Google AdWords as I try to teach for free online This book is based on my bestselling Google AdWords course on Udemy which had thousands of students before it was banned Michel Gerard took hours of his time to transcribe this book into a format that I hope will show you how I setup my Udemy advertising system and help you get through your challenges with more grace than I did with Google AdWords Today that last part of my system that still works is YouTube remarketing ads which I am continuing to do at scale with my business Thank you very much for reading this I hope my honest sharing of what I have learned here with Google AdWords is useful for you today Sincerely Jerry Banfield

The Truth about Groupon, 60 Minutes Story - A Hyperink Quicklet Macie Melendez, 2012-02-04 ABOUT THE BOOK To me living in San Francisco California means eating at new restaurants trying microbrews at dive bars discovering new parks seeing up and coming bands and paying an extremely high monthly rent Aside from the final part I love that about San Francisco But it wasn't until the introduction of Groupon to my life that I was able to enjoy these things and at half the cost no less Since it began to appear in my daily email inbox Groupon has brought nothing but good more beers with friends more local comedians more great food and more getting out of the house because I can afford to do so Watching 60 Minutes The Real Deal With Groupon confirmed my love for the company and its revolutionary idea but made me question whether Groupon is doing any good for the businesses it represents This 60 Minutes segment doesn't just show the fun side of Groupon founder and CEO Andrew Mason it also questions whether all that fun is going anywhere Regardless the 60 Minutes segment is worth the watch If nothing else it will show you where your money is going the next time you hit that bright green Buy button

MEET THE AUTHOR Macie Melendez has been a professional writer since 2005 and has been published in various publications including Home Energy and San Francisco magazine among others She graduated with a Bachelor of Arts in English from San Diego State University and currently lives in San Francisco with her husband and their dog
