Electric Charging Intended Functionality, Availability, and Equity Inclusion Brian J. Kozumplik, 2023-01-19 As unprecedented growth in EV sales is expected and the number of public charging stations must be planned accordingly as charger up time and functionality i.e. availability is the number one factor for users once the charging system is installed *Electric Vehicle Intended Functionality Availability and Equity Inclusion* informs current customers and potential purchasers of functionality availability and equity inclusion issues with EV charging systems currently in production and in use across North America and Europe Note that if shortages of available chargers are recognized and exposed across the US this could then have a negative impact on future potential EV customers from making the leap from traditional ICE vehicles to EVs Click here to access the full SAE EDGETM Research Report portfolio <https://doi.org/10.4271/EPR2023001> Introduction to Information Systems R. Kelly Rainer, Brad Prince, 2023-09-20 *Introduction to Information Systems* 10th Edition teaches undergraduate business majors how to use information technology to master their current or future jobs Students will see how global businesses use technology and information systems to increase their profitability gain market share develop and improve their customer relations and manage daily operations This course demonstrates that IT is the backbone of any business whether a student is majoring in accounting finance marketing human resources production operations management or MIS In short students will learn how information systems provide the foundation for all modern organizations whether they are public sector private sector for profit or not for profit Electric Vehicle Progress, 2000 **Build Your Own Electric Vehicle, Third Edition** Seth Leitman, Bob Brant, 2013-02-19 Discusses the benefits of electric vehicles describing each component and including step by step instructions for assembling the parts **What's Killing America** Jason Rantz, 2023-09-26 A stunning book about how America's biggest cities are being destroyed by progressive policies and woke Democrats Many Americans have no idea how badly our largest Democrat run cities have deteriorated We've been complacent for far too long assuming that the craziest elements of the radical Left would stay confined to the East and West coasts But crime drug addiction homelessness left wing school indoctrination so called inclusive housing policies and outrageous taxes don't stay within the big city limits of places like Los Angeles Chicago Portland New York Seattle and San Francisco The effects of ideologically driven left wing policies always spread which should alarm Americans regardless of their political leanings Jason Rantz is a prominent radio host a trusted journalist and a frequent Fox News guest unafraid to go directly into the action He's grown a national following by breaking news the mainstream media won't cover the consequences of destructive leftist policies wherever they occur He was right there for the chaos in his hometown of Seattle when liberal anarchists declared an autonomous police free CHOP Zone He infiltrates the Antifa marches and knows firsthand how those radicals operate This is the shocking story of what he's learned Employing on the ground reporting and fact based analysis Rantz zooms out to conduct a fascinating detailed data driven study of how these liberal policies result in

chaos misery and too often bloodshed He skillfully recounts the tragic events with a narrative reporter's eye for detail to tell the true story of what's happening in America's cities
