years sustainable investing which is based on the theory that subjective environmental social and governance or ESG factors should drive corporate policy and investment decisions has swept across Wall Street spurred on by the United Nations sovereign governments and financial regulators and cheered on by academics environmental activists social justice warriors and the media To date there has been little public resistance or analytical pushback as the ESG orthodoxy has integrated itself into almost every corner of the financial markets By 2030 the iron curtain of sustainability will have fully descended across Wall Street Race to Zero is meant to provide a detailed rebuttal to the case for sustainable investing from the perspective of a long time Wall Street analyst and investor and latter day finance professor Sustainable investing is a scam because it is not about generating excess returns for investors or furthering ethical goals such as improving society or saving the planet rather it is about controlling the world's financial system and determining the allocation of capital and investment flows across the markets It is liberal progressive politics masquerading as finance whose objective is to create a compliant corporate sector that serves as both Greek chorus and funding source for the environmental and social causes championed by government and the elite class This book is designed to expose this truth in plain spoken language free of financial jargon to reach the widest possible audience including the silent majority on Wall Street now afraid to speak up about ESG

[Bible Verses for Our Kitchens](#) Steve McCrea, 2018-11-16 This workbook is an inexpensive way to get teenagers reading the Bible This book started with how do we encourage teenagers to read the Bible It is called Bible Verses for Our Kitchens Worksheets with fill in the blank By filling in the blank perhaps the reader will give more attention to some of the words in the verse I am a test prep tutor and a member of Christian Tutors of America As a Christian tutor I teach academic subjects with methods inspired by the Word You can learn more about CTA at the end of the book The Verses The verses from the Bible that appear here were selected to inspire teenagers and others to follow the advice of the Gospel of peace Several versions are used including the New King James version and the Amplified Bible You are encouraged to visit websites that offer other translations or versions to gain deeper understanding of each verse Biblegateway.com was used for many of the verses in this edition This collection was selected to 1 encourage readers to read the Bible then 2 select verses to memorize We can carry the words of His Word in our hearts and minds When we are waiting at a traffic light While we lie on our beds before we fall asleep When we find two minutes perhaps while standing in line at a supermarket we can recite silently what we remember from these verses I often get the order mixed up but I usually find at least five of the six things to think about true lovely pure honest just from the fourth chapter of Philippians The Apostle Paul in 1 Corinthians 13 reminds us to carry unselfish concern for each other this is the phrase used in the Amplified Bible for love and charity The verse includes serenity patience kind thoughtful wrongs endured bear hope for believe and endure all things not rude or self serving not boastful not jealous or envious and love does not fail fade or end The items are out of order but I have some of the many points in my head and I feel them more in my heart with each time I recite and recall these words Many of the words from Paul's list was recited from memory by a neurologist in Florida who was talking to a teenager about the importance of reading the Bible and learning about caring about other people I witnessed Dr Waden Emery's performance and a small voice told me Each of us can carry these words inside us We just need to read them more often Let us encourage each other to carry these words on our lips
