*Understanding and Applying the Bible* Robertson McQuilkin,2009-06-24 Why do even the sincerest students of God's Word sometimes find it dry or confusing? Too often Robertson McQuilkin suggests it's because they don't know how to read it. In his classic introduction to Bible study, McQuilkin shows everyday believers how to navigate the Bible's genres and plumb its thought structures with accuracy, experiencing afresh living encounters with the inspired Word. Newly revised and updated, *Understanding and Applying the Bible* also examines the most common errors in Bible reading. In the end, McQuilkin maintains, Scripture can be understood by anyone simply by following a set of straightforward and time-tested principles.

*Biblical Sermons* Haddon W. Robinson,1997-02-01 Haddon Robinson's method as presented in *Biblical Preaching* is employed in twelve expository messages offering concrete examples of how experienced preachers have made Robinson's homiletical principles work for them. Robinson comments on each expository message, interviews each preacher and contributes a sermon of his own. The book shows how successfully his method of developing sermons can be adapted to different contexts. *Biblical Preaching* Haddon W. Robinson,2025-02-11 This bestselling textbook on biblical preaching is a contemporary classic in the field. It offers students, pastors and Bible teachers expert guidance in the development and delivery of expository sermons. This new edition provides resources, methods and advice for new generations of students and pastors. It has been revised and updated throughout by Scott Wenig, professor emeritus of applied theology and Haddon W. Robinson Chair of Biblical Preaching at Denver Seminary. Wenig adds a step to the preaching method that has been widely accepted and utilized by Robinson's former students. The book also includes a foreword by Torrey Robinson. An outstanding introduction to the task of preparing and presenting biblical sermons, Robinson's Big Idea preaching has shaped the thinking of thousands of expository preachers and been the major influence on many of those who teach preaching in today's classrooms.

*Christ-Centered Preaching* Bryan Chapell,2005-03-01 This complete guide to expository preaching teaches the basics of preparation, organization and delivery, the trademarks of great preaching. With the help of charts and creative learning exercises, Chapell shows how expository preaching can reveal the redemptive aims of Scripture and offers a comprehensive approach to the theory and practice of preaching. He also provides help for special preaching situations. The second edition contains updates and clarifications, allowing this classic to continue to serve the needs of budding preachers. Numerous appendixes address many practical issues.

***Expounding the Gospel and Law of God--Exegesis and Sermonic Development*** George J. Gatgounis,2022-06-03 *Exegesis and Sermonic Development: The Path from Text to Sermon* by the Rev. Dr. George Gatgounis, Esq. provides in-depth guidance to producing sermons that are true to the biblical text so as to bring nourishment to our failing and feeble Church. It's one of the few exegetical works that starts with the spiritual consecration of the preacher, since the exegetical process must first begin with communion with the Holy Spirit. This work is an encyclopedia of sermonic development.
