Change Development OCD is designed to capture leading edge thinking about OCD in organisations as it merges with traditional African wisdom. It manifests in issues that differ from organisational effectiveness efforts to a highly individualised craft of catalyst practitioner. In an attempt to provide a solid conceptualisation of the field of study, a framework of inclusivity that can be followed, case studies and OCD methodologies, this book strives to combine some of the practices into reality. The book concludes with a chapter that studies international trends in organisational change and development. The assumptions of the evolving field of consulting psychology are incorporated.
