Handbook of Research on Inclusive Development for Remote Adjunct Faculty in Higher Education Dailey-Hebert, Amber, Mandernach, B. Jean, Donnelly-Sallee, Emily, 2020-10-16 As the number of adjunct faculty teaching online courses remotely for their institutions continues to increase so do the unique challenges they face including issues of distance and isolation as well as problems pertaining to motivation time and compensation Not only are these higher education faculty geographically isolated from each other and their colleagues at flagship campuses but they also lack adequate institutional support and resources necessary to perform their roles As institutions continue to rely heavily on this group of under supported and undertrained instructors who teach the majority of online courses offered across the country institutions need models and strategies to tap the expertise and perspectives of this group not only to improve teaching and learning in online programs but also to retain this critical talent pool More consideration is needed to create institutional affinity and organizational commitment build community and create opportunities for remote adjunct faculty to be included as an integral component to their academic

departments The Handbook of Research on Inclusive Development for Remote Adjunct Faculty in Higher Education is a comprehensive reference work that presents research theoretical frameworks instructor perspectives and program models that highlight effective strategies innovative approaches and unique considerations for creating professional development opportunities for remote adjunct faculty teaching online This book provides concrete practices that foster inclusivity among contingent faculty teaching online as well as tangible practices that have been successfully implemented from faculty developers and academic leaders at institutions who have a large population of and heavy reliance on remote adjunct instructors While addressing topics that include faculty engagement mentoring programs and instructor resources this book intends to support remote instructors in the post pandemic world It is also beneficial for faculty development professionals academic administrative leaders higher education stakeholders and higher education faculty researchers and students

Handbook of Research on Future of Work and Education: Implications for Curriculum Delivery and Work

Design Ramlall, Sunil,Cross, Ted,Love, Michelle,2021-10-08 Higher education has changed significantly over time In particular traditional face to face degrees are being revamped in a bid to ensure they stay relevant in the 21st century and are now offered online The transition for many universities to online learning has been painful only exacerbated by the COVID 19 pandemic forcing many in person students to join their virtual peers and professors to learn new technologies and techniques to educate Moreover work has also changed with little doubt as to the impact of digital communication remote work and societal change on the nature of work itself There are arguments to be made for organizations to become more agile flexible entrepreneurial and creative As such work and education are both traversing a path of immense changes adapting to global trends and consumer preferences The Handbook of Research on Future of Work and Education Implications for Curriculum Delivery and Work Design is a comprehensive reference book that analyzes the realities of higher education today strategies that ensure the success of academic institutions and factors that lead to student success In particular the book addresses essentials of online learning strategies to ensure the success of online degrees and courses effective course development practices key support mechanisms for students and ensuring student success in online degree programs Furthermore the book addresses the future of work preferences of employees and how work can be re designed to create further employee satisfaction engagement and increase productivity In particular the book covers insights that ensure that remote employees feel valued included and are being provided relevant support to thrive in their roles Covering topics such as course development motivating online learners and virtual environments this text is essential for academicians faculty researchers and students globally **Authentic University** Lawrence Muganga Ph.D.,2022-08-22 Today s universities fail students leaving them stranded in an alien world that differs markedly from the ivory tower institution that ostensibly molded them for the future The Authentic University proposes to overcome the manifold shortcomings of the contemporary postsecondary school by offering an innovative education that corresponds to the realities of the modern era

This university blends three distinct concepts of student centered education to provide students with a personalized learning experience that develops distinct skills and competencies required by today's employers. Students can save time, money and effort while learning the information and applications that they want and need. Contained within the covers of this groundbreaking book lies a thorough description of everything that educational stakeholders must know about the Authentic University including supporting literature and practical models alongside strategies for planning and implementation. The world has passed the university by and will not wait for education to keep pace with its ever evolving information and communication technology situated in an increasingly entrepreneurial economy. We as educational stakeholders must meet the challenge of change in an urgent way. The first step toward bringing the university into the modern era begins with this book, the manual for a radically new type of education termed the Authentic University. *Peterson's Graduate Programs in Business, Education, Health, Information Studies, Law and Social Work* Peterson's Guides Staff, Peterson's Guides, Inc, 2006-12.
