### **Organizational Project Portfolio Management** Prasad

Kodukula,2014-06-17 We have implemented the methodology presented in this book and it's been very helpful to me. The book presents numerous PPM tools for project selection, project ranking, data visualization, etc., and has case study exercises that are highly practical and helpful in illustrating how the methodology and tools presented in the book can be used. It is a valuable tool for implementing portfolio management in any company in any industry. Bea Swanepoel, Portfolio Manager, Anglo American plc. **Organizational Project Portfolio Management: A Practitioner's Guide** offers a generic, practical methodology and tool kit to design, build, and manage a balanced portfolio at any level of the enterprise. These techniques can be used irrespective of business industry where the portfolio management group is located within the organizational hierarchy or the type of projects contained. Nominated for the PMI 2014 David I. Cleland Project Management Literature Award.

### **Handbook of Research on Project Management Strategies and Tools for Organizational Success**

Moreno-Monsalve, Nelson Antonio, Diez-Silva, H. Mauricio, Diaz-Piraquive, Flor Nancy, Perez-Urbe, Rafael Ignacio, 2020-01-17. Project management tools can be used as an alternative to improve and strengthen a company's position in the market. However, the management of projects has been in constant transformation. Elements such as time, cost, and scope on which it is based have been complemented with other trends such as the project team, change management, knowledge management, good negotiation practices, management of stakeholders, sustainability, etc. In order to improve the competitiveness of their company and increase earned value, managers must remain up to date on these latest transformations and best practices. The **Handbook of Research on Project Management Strategies and Tools for Organizational Success** is a pivotal reference source that analyzes and disseminates new trends that will allow managers to improve their skills and strengthen the performance of their companies through obtaining better results in the projects undertaken. While highlighting topics such as market growth, risk management, and value creation, this book is ideally designed for project managers, business professionals, entrepreneurs, academicians, researchers, and students seeking current research on improving the competitiveness of companies as well as increasing their earned value.
