Learned From Eat to Beat Your Diet Inspired by Dr William Li Personal Reflection Smarter Eating to Fight Fat and Heal from Within There's a curious irony in the way we talk about food We dissect it debate it demonize it idolize it sometimes all at once One minute it's kale and chia seeds paraded on social media like sacred relics of modern wellness The next it's a war on carbs sugar red meat or whatever new culprit is trending in the algorithm of our anxieties Somewhere in this chaos food the very thing that fuels us became a source of guilt and confusion I was no different For years I navigated diets the way people navigate a hedge maze plenty of dead ends a lot of backtracking and the constant nagging sense that someone had moved the exit while I wasn't looking Then one evening a friend mentioned a phrase that stuck with me You can eat your way to better health Not starve Not restrict Eat It felt revolutionary Almost heretical in the age of intermittent fasting and keto evangelists That night I stumbled across a book called Eat to Beat Your Diet by Dr William Li I expected another glossy overpromising wellness manifesto Grab a copy of this book now
