**Documentary History of the Amalgamated Clothing Workers of America** Amalgamated Clothing Workers of America,1926 *Organizations, Strategy and Society* Rodolphe Durand,2014-11-27 Organizations are ubiquitous from clubs and associations to firms and public agencies They confer meaning to all of us and our attachment to and membership of organizations have a profound effect on all areas of our lives However in our increasingly turbulent world these organizations run the risk of disappearing or losing their legitimacy creating a sense of pointlessness and absurdity Organizations Strategy and Society The Orgology of Disorganized Worlds draws on neo institutional and strategy theories of competitive advantage and develops an integrative approach to theorizing organizations and their behaviors termed orgology It explains that organizations can act strategically to protect and renew the meaning that individuals give to their lives In so doing organizations that survive and thrive impose their logics on society thereby influencing what is legitimate or not In turn individuals must reinterpret their multiple associations with organizations and contribute to reinforcing or inhibiting social evolutions This new way of understanding organizations relationships with society results in a reconsideration of management and the role of individuals in building their future This book will be of interest to students at all levels to researchers in organizational studies strategic management and sociology as well as to people willing to reorganize their world

**The Lost Children** Tara Zahra,2015-03-23 During the Second World War an unprecedented number of families were torn apart As the Nazi empire crumbled millions roamed the continent in search of their loved ones The Lost Children tells the story of these families and of the struggle to determine their fate We see how the reconstruction of families quickly became synonymous with the survival of European civilization itself Even as Allied officials and humanitarian organizations proclaimed a new era of individualist and internationalist values Tara Zahra demonstrates that they defined the best interests of children in nationalist terms Sovereign nations and families were seen as the key to the psychological rehabilitation of traumatized individuals and the peace and stability of Europe Based on original research in German French Czech Polish and American archives The Lost Children is a heartbreakingly and mesmerizing story It brings together the histories of eastern and western Europe and traces the efforts of everyone from Jewish Holocaust survivors to German refugees from Communist officials to American social workers to rebuild the lives of displaced children It reveals that many

seemingly timeless ideals of the family were actually conceived in the concentration camps orphanages and refugee camps of the Second World War and shows how the process of reconstruction shaped Cold War ideologies and ideas about childhood and national identity This riveting tale of families destroyed by war reverberates in the lost children of today s wars and in the compelling issues of international adoption human rights and humanitarianism and refugee policies [The Big Book of Parenting Solutions](#) Michele Borba,2009-08-11 The Today show expert tackles 101 issues ranging from sibling rivalry lying and peer pressure to cell phone use and TV addiction Indispensable Publishers Weekly A recommended read for moms by Working Mother magazine In this down to earth guide parenting expert Michele Borba offers advice for dealing with children s difficult behavior and hot button issues including biting temper tantrums cheating bad friends inappropriate clothing sex drugs peer pressure and much more Written for parents of kids age 3 13 this book offers easy to implement advice for the most important challenges parents face with kids from toddlers to tweens Includes immediate solutions to the most common childhood problems and challenges Written by Today s resident parenting expert Michele Borba Offers clear step by step guidance for solving difficult childhood behaviors and family conflicts Contains a wealth of advice that is easy to follow and gets quick results Author has written outstanding parenting books including Building Moral Intelligence No More Misbehavin Don t Give Me that Attitude and more Each of the 101 issues includes clear questions specific step by step solutions and advice that is age appropriate Moms and dads have come to rely on Dr Borba for advice on issues large and small The Big Book of Parenting Solutions is an indispensable comprehensive and authoritative guide to the wonderful and sometimes wacky world of parenthood You ll find yourself dipping into it for answers again and again Dana Points Editor in Chief Parents Magazine The easy to use problem solution format will have you battling your biggest parenting crises with confidence Working Mother
