## **PROPOSAL**

### **Career and International Education Orientation Fair**

—oOo—

#### **I. Introduction about OAV**

Overseas Alumni in Vung Tau (OAV) is the first international alumni society in Vung Tau and among the most active and fastest growing in Vietnam. As a network of Vung Tau talents graduating from overseas, international courses (such as RMIT, CPA, AICA) or exchange programme in Vietnam, OAV is dedicated in fostering a strong, united and proactive overseas alumni community in Vung Tau by:

1. Facilitating networking and professional development opportunities for international alumni who are coming back to Vietnam or Vung Tau
2. Promote participation and leadership of overseas alumni in socio-economic challenges especially in promoting education

Since its founding in June 2015, OAV has attracted more than 1,000 supporters including over 600 alumni from more than 20 countries.

#### **II. Introduction about the event "Vision for future students":**

##### **a. Problems:**

- Every year, lots of students in Vung Tau starts their overseas study journey. However, there is very limited information provided from several study abroad consulting companies or some acquaintances who limit their services to selected universities and countries. Additionally, many advisors don't have experience living or studying in specific cities, countries or universities; therefore, they may not provide the best advices to future overseas students.
- Generally, Vietnamese highschool students don't have good career orientation. Most study decisions depend on parents' preferences or buzzwords from media without understanding that very critical elements for their career are labour market condition in 4 years when they will graduate and their ultimate goals for studying abroad (career overseas, career in Vietnam, travel, immigration etc)

##### **b. Purposes of the event:**

- Provide honest, not-for-profit, real experience oriented advices from OAV members who have graduated or worked in 17 countries in many disciplines such as business, hospitality, engineering, chemistry, education and logistics. The consultation is not only
