The Crafts of the Ojibwa (Chippewa) Carrie Alberta Lyford, Marjorie Lismer, 1941 *Shuttle, Spindle & Dyepot*, 1988 **The Complete Book of Basketry** Dorothy Wright, 2013-02-04 Profusely illustrated authoritative classic gives history and geography of baskets detailed advice on basket design materials techniques care and step by step instructions 294 illustrations including 12 in color on the covers **Shavings**, 1987 The New England Companion Naomi Black, Mary Forsell, 1991 In full color photography this book illustrates the glory of New England design Early American folk art gardening and New England foods *Handicrafts of New England* Allen Hendershott Eaton, 1949 **Indian Handcrafts** United States. Bureau of Indian Affairs, *A Measure of the Earth* Nicholas R. Bell, 2013-10-01 A Measure of the Earth provides an unparalleled window into an overlooked corner of recent American history the traditional basketry revival of the past fifty years Steve Cole and Martha Ware amassed a remarkable collection using the most stringent guidelines baskets made from undyed domestic materials that have been harvested by the maker An essay by Nicholas Bell details the long standing use of traditional fibers such as black ash and white oak willow and sweetgrass and the perseverance of a select few to claim these elements the land itself for the enrichment of daily life As they trek through woods fields farm and shore in the quest for the right ingredients for a basket these men and women cultivate an enviable knowledge of the land Each basket crafted from this knowledge provides not only evidence of this connection to place but also a measure of the earth Drawing on conversations with basketmakers from across the country and reproducing many of their documentary photographs Bell offers an intimate glimpse of their lifeways motivations and hopes Lavish illustrations of every basket convey the humble tactile beauty of these functional vessels Ornament, 1988 *The Antiques Journal*, 1979 Country Americana Kyle Husfloen, 1996 Country Americana has been a booming national market for nearly 20 years and continues to grow This guide brings together the leading collectors authors and auctioneers in the field to create the most accurate coverage of the many specialized areas of this genre The book covers 70 categories of collectibles including kitchen collectibles farm implements woodworking tools Early American glass and folk art 800 photos **Carolina Folk** McKissick Museum, McKissick, 1985 Identifies the Carolinas contributions to Southern Folk traditions The Crucible of Carolina Michael Montgomery, 1994 The ten essays in The Crucible of Carolina explore the connections between the language and culture of South Carolina s barrier islands West Africa the Caribbean and England Decades before any formal scholarly interest in South Carolina barrier life outsiders had been commenting on and documenting the African qualities of the region s black inhabitants These qualities have long been manifest in their language religious practices music and material culture Although direct contact between South Carolina and Africa continued until the Civil War the era of Caribbean contact was briefer and ended with the close of the American colonial period Throughout this volume though the contributors look beyond the cultural motivations and political appeal of

strengthening the links between coastal Carolina and Africa and examine the cost of a diminished recognition of this important Caribbean influence. Not surprisingly, the influence of the pioneering linguist Lorenzo Dow Turner is reflected in many of these essays. The work presented in this volume however moves beyond Turner in dealing with the discourse and stylistic aspects of Gullah in relating patterns of Gullah to other Anglophone creoles and to various processes of creolization and in questioning the usefulness of retention, survival and continuity as operational concepts in comparative research. Within this context of furthering and challenging Turner's work in the barrier islands and in seeking a truer measure of both African and Caribbean influences, there the contributors cover such topics as names and naming, the language of religious rituals, basket making traditions, creole discourse patterns and the grammatical morphology of Gullah and related creole and pidgin languages. Other contributors consider the substrate contributions and African continuities to be found in New World language patterns, into new patterns adapted to the various situations in the New World. Opening new and advancing previous areas of research, *The Crucible of Carolina* also contributes to a further appreciation of the richness and diversity of South Carolina's cultural heritage.
