## **Olympia Postcard History:**

**Olympia** Jill Bullock, 2010 Located on the southernmost point of Puget Sound the Olympia area was occupied by the Coastal Salish Indians for many generations before American settlers established a town site there in 1846 First the provisional territorial capital in 1853 incorporated as a town in 1859 it then became the permanent state capital when Washington attained statehood in 1889 The town was named for the majestic Olympic Mountains visible on a clear day The town's history and landmarks including the capitol building the waterfront the downtown businesses and the Olympia brewery as well as the surrounding areas were all visually documented by the picture postcard which gained widespread popularity at the beginning of the 20th century **Emma's Postcard Album** Faith Mitchell, 2022-12-21 BCALA 2023 Outstanding Contribution to Publishing Citation Award winner The turn of the twentieth century was an extraordinarily difficult period for African Americans a time of unchecked lynchings mob attacks and rampant Jim Crow segregation During these bleak years Emma Crawford a young African American woman living in Pennsylvania corresponded by postcard with friends and family members and collected the cards she received from all over the country Her album spanning from 1906 to 1910 and analyzed in Emma's Postcard Album becomes an entry point into a deeply textured understanding of the nuances and complexities of African American lives and the survival strategies that enabled people to make a way from no way As snippets of lived experience eye catching visual images and reflections of historical moments the cards in the collection become sources for understanding not only African American life but also broader American history and culture In Emma's Postcard Album Faith Mitchell innovatively places the contents of this postcard collection into specific historic and biographical contexts and provides a new interpretation of postcards as life writings a much neglected aspect of scholarship Through these techniques a riveting world that is far too little known is revealed and new insights are gained into the perspectives and experience of African Americans Capping off these contributions the text is a visual feast illustrated with arresting images from the Golden Age of postcards as well as newspaper clippings and other archival material **The Lincoln Highway Around Chicago** Cynthia L. Ogorek, 2008 Once known as the Main Street of America The Lincoln Highway through western Indiana and eastern Illinois became the first urban bypass on the first hard surfaced transcontinental highway in the nation Some 200 vintage photographs visit sites that early day tourists saw and documents the people who made the highway what it was Historical Records of Washington State, 1981 **Generations and Geographies in the Visual Arts: Feminist Readings** Griselda Pollock, 2005-08-12 In Generations and Geographies in the Visual Arts a challenge of Arts Feminist Readings the challenge of contemporary feminist theory encounters the provocation of the visual arts made by women in the twentieth century The major issue is difference sexual cultural and social The book points to the singularity of each artist's creative negotiation of time and historical and political circumstance Griselda Pollock calls attention to the significance of place location and cultural diversity connecting issues of sexuality to those of nationality
