Constructing Oman's Peaceful Identity Giulia Daga, 2024-08-27 This book offers a comprehensive and insightful exploration of Oman s discourses on foreign policy and national identity in the context of the Middle East The Sultanate of Oman is often hailed as a peaceful exception in the region but this work goes beyond surface level observations to reveal the intricate complexities of Oman s foreign policy and identity construction With a keen focus on deconstructing essentialist understandings the chapters delve into how discursive alignments and identity contents have shaped the government s quest for legitimacy recognition and status Employing a pioneering discourse historical approach to compare the National Day speeches and UN General Assembly

speeches throughout Sultan Qaboos bin Said Al Bu Saidi's reign 1970-2020 the author reveals how discourse evolved based on time issues and audiences. Notably the book situates Oman within the context of the Gulf Cooperation Council states examining how the Omani government's interlinked discourses on identity and foreign policy contributed to differentiate the Sultanate from other Gulf countries. With chapters exploring Oman's foreign policy principles its material and ideological response to the ideas linked to the Dhofar Revolution and its interactions with the Arab world and the international community readers of this book will gain a comprehensive understanding of Oman's evolving national and supranational identifications and the dynamic nature of its foreign policy.
